Indicate the name of the Commission/Committee/Board you are interested in serving on:
Child Care and Youth Services Committee

1. Indicate why you wish to serve on this Commission/Committee/Board:

I am interested in serving on the Childcare and Youth Services Committee because of my life-long interest in children and their education and welfare. As set forth in my resume, which is attached, I have volunteered in many capacities in organizations and schools. My involvement has been on the front line, volunteering with children as a room mother and team mom, as well as working at the supervisory / organizational level, serving as President of a Little League for 3 years, as President of a Parents' Association, and as a Trustee of two high schools. Currently, I also serve on the Executive Committees of each of those Boards.

My husband and I have raised three children who are now grown: our daughter graduated from Princeton University and USC Keck School of Medicine, and is now doing her residency in dermatology at Harvard (Massachusetts General Hospital). Our older son graduated from Tulane University and works in post-production for Disney. Finally, our younger son is a sophomore at Loyola Marymount University, where he is a member of the baseball team. Because my children are now theoretically old enough to be independent, I have time to volunteer in the community. I would like to serve on this Committee in the hope of making a difference.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I believe that my current and past community involvement gives me a breadth and depth of experience that might be useful to the Childcare and Youth Services Committee. My past experience includes being President of a Little League serving over 300 baseball and softball players age 5-12, for three years; serving as a member of a public elementary School Site Council; engaging in fundraising efforts in small community endeavors (Little League, Booster Clubs, and a High School Baseball Program) as well as a multi-faceted and multi-million dollar capital campaign; serving as a parent chair of Parent Education and Diversity programs for a 7th-12th grade school; and serving as President of a Parents' Association with over five hundred families represented. In addition, I currently serve as a Director / Trustee of two high schools, which has also involved serving on multiple committees concerning academic affairs, development, and financial aid.

In addition, I am a lawyer, and while I fully appreciate that a committee full of lawyers would be a nightmare, I believe that having a legal background gives me an analytical perspective that would be helpful.

Finally, I am interested in serving on this Committee because my husband and I moved to Orange County six months ago, and I would like to become more involved in the community, and to contribute to a cause I care deeply about.

I have attached my resume to fill in any gaps or questions you may have about my experience or background. Please do not hesitate to call me if you have any further questions.

1. Indicate why you wish to serve on this Commission/Committee/Board:

I have lived in Costa Mesa for over 40 years and have witnessed much growth and changes. I married here, raised my family, and am now watching my grandchildren grow up here. I am invested in Costa Mesa as I own several rental units and desire to see Costa Mesa continue to be a wonderful community in which to live and raise families.

I served several years on the Redevelopment Committee and felt I not only learned much about our community, but contributed much as well, especially serving on the sub-committee that interviewed the various service organizations seeking governments funds.

I have also served on the Newport-Mesa School districts Budget Advisory Committee several years ago. I am a Mentor Mom to a group of mothers of pre-schoolers, called MOPS. I also work with seniors and single moms.

I would very much like to again contribute my talents and energy to working with the Redevelopment and Residential Rehabilitation Committee as I feel I have a genuine love and appreciation for the growth and success of Costa Mesa.

Thank you,

Diane McCardle
