PUBLIC SERVICES

To whom it may concern:

10/15

The undersigned residents of the 2200 block of Cornell Drive, Costa Mesa request immediate action by the City of Costa Mesa to remedy the overflow of non-resident parking on our street. The excessive non-resident parking and traffic from 323 Wilson is interfering with the safety and enjoyment of our neighborhood. A "By Permit Only" parking requirement would free up the street parking for neighborhood residents and their guests.
