

# CITY COUNCIL AGENDA REPORT

---

MEETING DATE: June 20, 2006

ITEM NUMBER:

**SUBJECT: ADOPTION OF FISCAL YEAR 2006-2007 APPROPRIATIONS LIMIT**

**DATE: MAY 30, 2006**

**FROM: FINANCE DEPARTMENT /FINANCIAL PLANNING DIVISION**

**PRESENTATION BY: MARC R. PUCKETT, DIRECTOR OF FINANCE**

**FOR FURTHER INFORMATION CONTACT: AGNES WALKER AT (714) 754-5241**

---

## **RECOMMENDED ACTION**

Adopt Resolution establishing the Fiscal Year 2006-2007 Appropriations Limit for the City of Costa Mesa at \$147,401,694 by using the County of Orange's population growth for population adjustment, and the California per capita income growth for inflationary adjustment.

## **BACKGROUND**

Since the addition of Article XIII-B to the Constitution of the State of California in November 1979, the City has been required to establish annually an Appropriations Limit. In June 1990, Article XIII-B and its implementing legislation Chapter 1205/80, were modified by Proposition 111 and Senate Bill 88. The modifications changed the annual adjustment factors for determining the Appropriations Limit. Beginning with the calculation of the Fiscal Year 1990-1991 Appropriations Limit, the City may choose one of the following factors to use for inflationary adjustment:

- 1) The growth in California per capita income; or
- 2) The growth in the non-residential assessed valuation due to new construction within the City.

In addition, the City may choose to use either the population growth of the City or the population growth within the County. These two adjustment factors (one for inflation and one for population) are both annual elections for the City in determining its Appropriations Limit.

## **ANALYSIS**

The methodology used to determine the City's Appropriations Limit is to multiply the inflation and population adjustment factors by the prior year's Appropriations Limit. For Fiscal Year 2006-2007, the inflation and population figures provided by the State Department of Finance are as follows:

California Per Capita Income Percentage Change	3.96%
County of Orange's Population Growth	0.83%

Since the growth in non-residential assessed valuation due to new construction is not available at this time, the growth in California Per Capita Income must be used as the inflationary factor. The City's Appropriations Limit for Fiscal Year 2006-2007 is calculated at \$147,401,694. This amount is the

result by applying the 3.96% per capita personal income factor and the 0.83% Orange County population factor to the Fiscal Year 2005-2006 adopted Appropriations Limit of \$140,623,635.

The total estimated revenues generated from general tax proceeds for Fiscal Year 2006-2007 is \$80,398,340. This estimate is \$67,003,354 or 45.46% below the Appropriations Limit for Fiscal Year 2006-2007.

### **ALTERNATIVES CONSIDERED**

None. Section 7910 of the Government Code of the State of California requires the City to establish an annual Appropriations Limit.

### **FISCAL REVIEW**

The City is \$67,003,354 or 45.46% below the Fiscal Year 2006-2007 Appropriations Limit.

### **LEGAL REVIEW**

The City Attorney has reviewed and approved the attached Resolution as to form.

### **CONCLUSION**

Staff recommends the City adopt the Resolution determining the Fiscal Year 2006-2007 Appropriations Limit to be \$147,401,694. The adoption of the Fiscal Year 2006-2007 Appropriations Limit is made on a provisional basis and may need to be revised when the figure for growth in non-residential assessed valuation due to new construction becomes available from the County of Orange.
