1. Check reason for sole source request:

- Sole Source:** No other items are known to exist which perform the same function.
- Proprietary:** The item is held under exclusive title, trademark or copyright by a private person or company; a proprietary distributorship would also apply.
- Standardization:** The City requires the item(s) to standardize parts, design, quality, etc. (explain in more detail below)

2. Is the product or service available from other sources?

- Yes
- No

If YES, list name of vendors:

GEOTECHNICAL ENGINEERS IN THE LOCAL AREA

If NO, explain why the product/service is available from only one source:

GPI prepared initial soils report under contract with City in 2002. They are responsible for verifying contractors compliance with their recommendations in this report. Use of another consultant would create significant liability issues to determine responsibility of this phase of work.

3. Can your requirements be modified so that competitive products or services may be used?

- Yes
- No Please explain:

The project was designed pursuant to the recommendations contained in the initial GPI soils report. Modification to these recommendations would require revision to the construction documents.

4. How does the recommended vendor's prices or fees compare to the general market?

The consultants fees are consistent with that typically demonstrated in this industry.Dept./Div. Head's Signature: SSFF. [Signature] Date: 9/19/06
