

Costa Mesa Farm Sports Complex
Concept Plans for the Lighting of Four Soccer Fields
Public Meeting Comments
March 9, 2006

Homeowner has asked for more trees to be planted (Lorenzo Avenue resident).

Users had to pay \$4,000 for 12 practices at OCC for lighted fields

Don't light fields Friday, Saturday, Sunday

Move trees away from Chain link fence (Lorenzo Avenue resident)

Update sign advising not to trespass into private property to retrieve balls and post in English and Spanish

Why was the utility field eliminated at the TeWinkle Park Sports Complex?

I am affected by lights regardless of light levels at the property line. I am affected by the lights at OCC.

Consider other sites like Balearic

No adult leagues at the Farm

Upgrade existing lights to match new lights

Provide additional landscape

Provide additional lighted fields for our children

Demand for practice/lighted fields continues to increase

I am concerned that if this gets approved it is not going to be long before adult leagues start using these fields

Trespassing has been an issue (persons retrieving balls from my backyard)
