Indicate why you wish to serve on this Commission/Committee/Board:

I would like to make my community contribution to the City Costa Mesa via the Cultural Arts Committee, because I believe that the appreciation of the arts crosses all socio-economic lines as well as residents of all ages. Therefore, the Cultural Arts Committee has an opportunity to foster "communication via the arts" amongst our residents. Secondly, it also presents an opportunity to our local artists to demonstrate their interpretations in the various arts.

I have lived in Costa Mesa, Mesa Verde, since 1978. My two daughters attended the local schools including Adams, Tewinkle, and they both graduated from Estancia High School. Both my wife and I enjoy the arts extensively including the Performing Arts. We are currently members of the Los Angeles County Museum of Art (25 years) and regularly attend performances at the OC Performing Arts Center which include season tickets for the Opera and Dance Series.

Indicate any experience or qualification you possess that might apply to the Commission/Committee/Board you are interested in serving on.

I am not an artist, but a "fan" of the arts. I have visited many of the major Art Museums and performing arts venues in Europe as well as many in the major cities of the USA and Southern California.

My background in sales, marketing, and business development for major corporations required skills that apply to the identification, creation, organization, and promotion of business solutions. I am well organized with an attention to detail. I developed and conducted business seminars for several hundred to over one thousands attendees. These skills both in domestic and international environments give me an opportunity to bring my experiences to our Cultural Arts Committee and to the residents of Costa Mesa.

A brief summary of my professional experiences include:

- IBM Sales and Sales Management for over 22 years including national as well as local responsibilities in information systems and business services.
- Western Region Business Development Manager for Phillips Electronics Business Consulting Services (4 years) including HQ position based in Brussels, Belgium.
- Western European responsibilities for Business Development for Deloitte & Touche, Deloitte Consulting, Europe. Based in Paris, France (5 years).

Committee/Board Application Attachment

1. Indicate why you wish to serve on this Committee/Board

Fairview Park is one of great gems of Costa Mesa and Orange County. Its size and expanse permits its users unbridled views of Costa Mesa and beyond. We were fortunate enough to spend our Memorial Day holiday at the park and it was this experience that convinced me to seek appointment to this Committee.

While Fairview Park is a terrific place for families it suffers from a continuing identify crisis. Not enough residents of Costa know about the park. This is especially the case with residents who don't live near it. I am interested in becoming part of the Committee because I want to raise awareness and publicity about this great Costa Mesa asset. I am willing to participate in fundraising efforts and activities that seek to publicize its tremendous outdoor resources. I hope to learn more about the park and educate my friends and neighbors about its resources to raise overall awareness of what the park has to offer.

2. Indicate any experience or qualifications you possess that might apply to the Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I am active in the community and have firsthand experience with fundraising and community outreach activities. I am currently a board member of Orange County Head Start, one of Orange County's largest non-profit organizations. In addition, I am active in the Mesa North Community Association here in Costa Mesa. Both of these organizations have given me experience in community outreach activities like those required on the Fairview Park Friend Committee. I have read the Master Plan for the park and understand that there is still much more that needs be done. I diligently follow developments with all Costa Mesa Parks. I have been involved in ongoing discussions regarding permissive use at our nearby park, Paularino Park, and believe that the knowledge that I have gained in this process makes me a stronger Committee member.

However, the most important qualification that I possess is that I am a frequent park user. My wife and I ride our bikes to the park, we play Frisbee there and we enjoy the Fairview Park sunsets. It is this qualification that matters most to my application.

Committee/Board Application Attachment

1. Indicate why you wish to serve on this Committee/Board

I am applying to the 3R Committee because I feel I can best share my experience and knowledge with this Committee and I can personally relate to the challenges that the Committee faces based on my employment and personal background.

My wife and I moved to Costa Mesa two years ago. After renting for years, we were fortunate to be able to move into a terrific home on palm tree-lined Johnson Avenue in Mesa North. Costa Mesa is fantastic place to live and we believe it will be an ideal place to raise a family. Costa Mesa has first-rate schools, amazingly low property taxes, bountiful services and public amenities. In the past two years I have gotten to know our neighbors and community volunteers. We became active in our local neighborhood association, the Mesa North Community Association. We learned about the city's schools, parks and rich history. We are committed to making Costa Mesa our home for many years to come. With this commitment comes the desire and responsibility to become actively involved in our community.

Being part of a thriving community is not enough. I want to become involved in our City and assist in making this a great place to live, work and raise our families. I look at Costa Mesa and think not only about short-term improvements, but about long-term ideas and solutions that will attract residents and business to the City in the next ten, twenty or even thirty years. I have watched intently as the City Council discusses residential development at Triangle Square and the Bristol Corridor. I have also tracked the progress of the Westside redevelopment projects. I am pleased to see that more energy and effort is being expended towards redevelopment on the Westside. The recent stabbing at Triangle Square highlights the need for improvement at this location.

The Redevelopment and Residential Rehabilitation (3R) Committee is a perfect opportunity for me to become involved in making Costa Mesa a better place to live.

Committee/Board Application Attachment

2. Indicate any experience or qualifications you possess that might apply to the Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I believe that my professional and personal experience uniquely qualify me for a position on the 3R Commission.

As a construction attorney, I have first-hand knowledge regarding the processes and efforts involved in community redevelopment. I have worked with a number of contractors and developers on rehabilitation projects and understand the practical challenges associated with redevelopment and rehabilitation.

As a homeowner who purchased a home in need of serious repair, I have first-hand knowledge and experience in what it takes to improve a residence. The time and energy that we put into improving our homes pays large personal dividends. It improves not just the homeowner's quality of life, but it improves our neighborhood and entire community. The same is true of local business redevelopment. We all have an obligation to do our part to ensure that Costa Mesa continues to be a place that we can do business and raise our families.

If appointed to the Committee, I would like to see the group publicize its work more extensively. Rehabilitation and redevelopment are critical issues to this community and residents need to see and understand that the City is taking a proactive stance in addressing these issues. I know that the City Council is committed to addressing these issues and local involvement is crucial to the success of any new policies.

As a resident with long-term aspirations for Costa Mesa, I think the 3R Commission plays a unique role in maintaining and improving the positive image that Costa Mesa portrays to the rest of Orange County. I would be honored to be a part of the team trying to reach that goal.

Indicate the name of the Commission/Committee/Board you are interested in serving on:
3 R Committee

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

Dear Alma,
It has been an honor to serve on the 3 R Committee since it started. I have enjoyed still being part of the city and keeping informed through being a member.
I wished to be re-appointed if the city desires to keep me. I've enjoyed being chair of the 3 R committee and seeing projects and peoples come + go.
It is my feeling that experience is very necessary on the 3 R Committee. This is something I can bring to the table. I have the experience and background to be a candidate for re-election or appointment.
Hope to hear from you soon. Enclosed is a Bio.
Sincerely,
Arlene Schafer

RE: 3R Committee Re-Appointment

I have been an observer of City business for the past 20+ years and I have participated on the 3R committee for the past 12 years. The business of the 3R committee is of interest to me and I value the opportunity to express my views and have input to the committee to increase dollar utilization efficiency, redevelopment planning efficiency, minimize negative impacts to our residential and business neighborhoods and for the overall improvement of Costa Mesa. Thank you for your consideration.

Redevelopment and Residential Rehabilitation (3R) Committee

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

With education and experience in urban planning and public service, I am interested in joining this Committee to better the quality of living in Costa Mesa. My education in economics and public policy (undergraduate from UCLA), my Master in Public Administration (Syracuse) and my Master in Urban Planning (USC) has prepared me well in analyzing the ways redevelopment and rehabilitation of housing can create a positive social impact on a community. I've taken numerous classes in redevelopment, redevelopment finance, and social planning and have practical experience in housing policy (via consulting with RCLCo). I have a passion for public service and am eager to use my public service experience as a way to help the community in which I reside. I previously worked in urban planning for the City of Manhattan Beach and the Port of Long Beach. I was a Management Analyst for Pasadena (working in the Water and Power Department, implementing policies and managing community programs). I also was a consultant for RCLCo, a Real Estate Advising Firm. Currently, I work as an Integrated Resources Planner for the City of Anaheim. My experience is diverse and I look forward to using my experience, education, and passion for community involvement to enhance Costa Mesa.

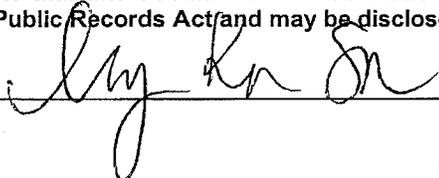

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I have over 5 years of experience in urban planning, public finance and community programs. I look forward to helping Costa Mesa Administration make sounds decisions regarding redevelopment and rehabilitation.

I am attaching my resume for your review, as it gives a better understanding of my background and experience.

Indicate the name of the Commission/Committee/Board you are interested in serving on: Redevelopment and Residential Rehabilitation (3R) Committee.

1. Indicate why you wish to serve on this Commission/Committee/Board: When my wife and I moved to Costa Mesa nearly seventeen years ago, we chose this city because we felt it would retain the small town charm not often present in cities of greater than 100,000 residents (i.e., Costa Mesa was built out to a much greater extent than, for instance, Rancho Santa Margarita, and we felt Costa Mesa would not change negatively over time). Now that we have a three-and-a-half year old daughter, we are even more strongly vested in our community and have a greater stake in not only maintaining the aforementioned charm but in contributing to an even better quality of life in Costa Mesa. I take a great amount of pride in my community and have a strong desire to be of service in order to achieve those ends.
2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this

form. This is strictly optional (resume attached): My educational and professional experience allows me to combine: (1) twelve years of veterinary practice that included wildlife medicine and surgery; this experience allowed me to positively interact with other Costa Mesa residents and to understand what it was like to be a part-owner in a Costa Mesa business; (2) knowledge of ecosystem and landscape-scale ecology and wild-urban interactions; (3) a masters degree in environmental science that offers a unique understanding of the planning process (i.e., from CEQA to General Plans) coupled with a broad understanding of hydrology, restoration and remediation, and the urban-wild interface; (4) I served on a committee with the Costa Mesa Police Department that involved multiple inspections of the Costa Mesa Animal Shelter (i.e., AAA Animal Hospital). My collaborations with Sgt. Phil Myers finally led to the changing of the venue for the wayward animals of Costa Mesa [and other cities]; and, (5) my current participation in the Santa Ana River Blue Ribbon Committee will be helpful in coalescing the urban and more natural aspects of our city.

Redevelopment and Residential Rehabilitation (3R) Committee

1. Indicate why you wish to serve on this Commission/Committee/Board:

As the Senior Pastor of the First United Methodist Church of Costa Mesa which is right in the downtown section of the redevelopment district, I have a keen interest in the decisions that are made that affect my church and the neighborhood around it. I am very much interested in helping to plan and vision what this community can become and desire to be a help with that. I have watched the process that has occurred in the last four years and feel confident that I can help with the process. I believe I could make a difference on this committee and would be grateful for the opportunity to serve.

I have never been on a city commission before but I have served on several planning and strategy committees for the United Methodist church on a district and conference level. I have helped to design and implement changes for the church districts in San Diego, Long Beach and Santa Ana, where I have also written several grants for churches in strategic transformation. I have served on the Leadership Team of the California-Pacific Annual Conference of the United Methodist Church. I am currently on the Interfaith Board for Newport-Mesa and Irvine areas as Vice-president of special events and on the advisory board of the International Order of Rainbow for girls. What I lack in experience, I more than make up in being a quick study. Please consider my application.

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Costa Mesa Senior Center's board of directors

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

I am interested in serving on the Costa Mesa Senior Center's board of directors because I would like to improve the programs and general atmosphere at the center. This is particularly true of the communications between the board of directors, the staff and the seniors. There is a need for more transparency on the part of the board and the staff and I would like to be able to improve this.

My ideas for greater input opportunities from the members and increased participation in activities would be helpful for the center.

Further, I would like to increase the choice of programs and services to appeal to a wider group of individuals.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

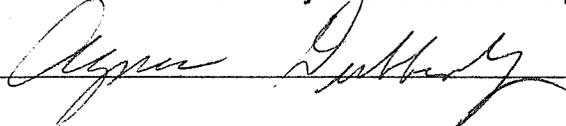

My degree in marketing and my work experience in public relations and communications would be helpful in serving the senior center, both through marketing ideas and communications' improvements. I have had years of experience in communicating complex ideas to a general audience both in print and on the internet. This skill would be valuable to help improve communications for the center, both within the center and with community groups.

I am skilled in building consensus for successful collaborative efforts. As a leader in various organizations, I have been effective in promoting harmonious participation by various diverse groups including CEO's of major businesses as well as the average person working for these leaders.

My experience in writing proposals would be useful in helping the center to secure grants and funds from foundations. In my business experience, every proposal I wrote resulted in a contract for the firm.
