Dear Donna,

As per our conversation in regards to the proposed expansion of the Dog Park on the side of court 12, as Tennis Director of Costa Mesa Tennis Center and Concessionaire for the Costa Mesa Tennis Center through our contractual agreement with the City of Costa Mesa, I'm looking into the best interest for the Tennis Facility and Patrons who play.

1. As in the master plan there is a court designated to be next to court 12 that logistically is best for the Tennis Facility.
2. The noise and smell already is a huge factor on participation of play on courts 11 and 12 currently.
3. On cleaning the courts on a weekly basis there is always remnants from the Dog Park already on courts 11 and 12.
4. I have proposed a possible temporary trade of area off behind courts 9 and 10 that could be better used for a temporary expansion for the Dog Park.

If you have any other questions or something I've left out, please give me a call at 714-557-0211.

Sincerely  
Hank Lloyd
