Subject: OBJECTION

Dear Council and City Manager:

The following appears in the Agenda for the Council Meeting set for 3-17-09 but it appears without any report by anyone.

I object. This is an inappropriate way to govern the city. It's bad enough that you provide the residents and voters only 3 working days to try to get up to speed with what's in the agenda and in the agenda reports but when you totally fail to provide any agenda reporting, I believe you are going much too far.

Thanks,

David Stiller
