1. Indicate why you wish to serve on this Commission/Committee/Board:

I am a Martial Art practitioner and currently teach privately in Southern California and Hawaii. In teaching the Martial Arts, I also teach the Eastern philosophy and its culture to my followers. I value one's culture no matter where it is from. I express the differences between Eastern and Western culture philosophy. I explain how one could exist between both cultures without clash. As an artist, I look for prospective In everything I do, e.g. culture, philosophy, religion, belief, etc. I believe as an individual, one must live one's life as an artist. This way, through the artist eyes, one could be creative, prospective, and enjoy life to the fullest.

I have held a leadership position at Alpha Micro Tai-Chi club and have taught many students in U.S. I have featured in Kicks, Black Belt magazines in U.S. and Warrior magazine in U.K. and demonstrated to various events as well as to the Government official events and non-profit organizations. I have also been a Martial Arts consultant to feature films. I believe I can be an important asset to the organizations at broad and domestic. I would like to promote the artistic aspects by creating awareness starting with the younger generation.

I believe the arts should be introduced to people when they are in their youth. This way, they can capture the essence of the arts and growth with it. I can organize, create, awareness philosophy, lecture, and consultant for the class or event.

I work for IBM Corporation and am the computer lab manager for the ECM department locally in Costa Mesa and in the management position for eight years. Before the lab manager, I was computer programmer and responsible for the software quality assurance group within the FileNet software development. I am currently involving in IBM Mentor program and serve as scholarship viewer for the APIASF Scholarship Program. I believe I have the leadership skills to contribute to the organization with all aspects.

1. Indicate why you wish to serve on this Commission/Committee/Board:

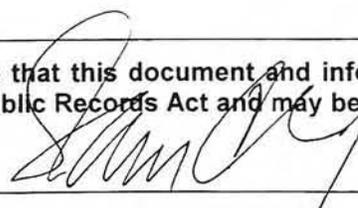

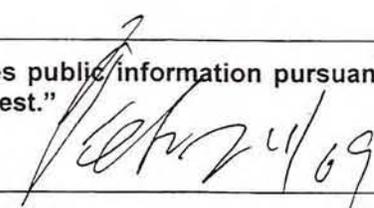

I am interested in serving through worthwhile functions that can enhance the quality of life for the residents of Costa Mesa. Having served 4 years as a Volunteer In Probation, I was very impacted by the results of broken homes, lack of youth based guidance, and in many cases, -lack of family values. I do not believe the community can replace family values, but it can provide environments and activities that encourage our youth to develop quality values that build better citizens. We live in a good community, perhaps we can make it better.

1. Indicate why you wish to serve on this Commission/Committee/Board:

In a society where many families have two working parents, I know first hand about the importance and need for child care in our communities. Educational programs, athletic programs and extra-curricular activities help kids to socialize and are vital to their growth into adulthood.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

The majority of my childhood and young adult years were spent surrounded by children. Growing up, my mother was a daycare provider working from our home. In addition to my younger brothers, my mother always had other children in our home; ranging in age from infants to four years. During those 14 years of my life I learned the importance of strong child care for children and parents.

From the age of 17 to 22 I worked as a lifeguard, swim instructor & swim coach. My years as a swim instructor were most rewarding. Teaching children to swim is a necessity, especially in Southern California. There are multiple benefits including exercise, social development, development of motor skills and most importantly the child safety while around water. As I spent hours teaching kids to swim I was able to see three year olds progress to swimming 10-20 yards. I was able to show myself and parents that children with learning disabilities, Autism & handicaps can keep up with the "other" kids in their development of swimming. I realized the importance of my role as a teacher when a mother profusely thanked me after witnessing her son fall in the pool and swim to the side on his own. She told me, "I was so happy to know he could get to the side if for heaven forbid he be around a pool without adequate parental guidance."

As an adult I have dedicated myself to groups such as OC CASA (Court Appointed Special Advocates) where I am completing the training to become a CASA. I also organized a toy drive amongst co-workers and friends for Orangewood Foundation and Orange County CASA.

As an executive search consultant and executive coach I would like to pass on my knowledge to teens in need. I have coached executive level professionals on interviewing, professional appearance, career planning & development.

1. Indicate why you wish to serve on this Commission/Committee/Board:

I have been a resident of Costa Mesa since 1961.
I have watched it grow to become "The City of the Arts" it is today.
We have live theater, Broadway musicals, opera, ballet and a fine orchestra.
We need to showcase the many other art forms in the City.
Now that I am retired and have time to devote to volunteer efforts, I would like to get more involved in my community.
I am not an artist but do appreciate it, and I am an art collector on a small scale.
Greater public art displays as well as increasing the visibility of our galleries can only enhance the prestige and value to the City as a whole -- especially when it involves local artists.

I would very much like to be a part of the Cultural Arts Committee and offer my assistance with this ongoing program.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I am currently enrolled in Coastline Community College's Art and Museum Production classes and volunteer to help during the gallery's operating hours.

I am also the student representative on the Gallery's Exhibition Committee.

Because of my former work experience, I am in the process of writing a five-year Strategic Plan and Operating Budget for the Coastline Community Art Gallery.

I am also work part-time as an independent art distributor for a nationally know art publishing company which represents the more traditional artists which includes the exclusive contract with Disney. I have established a small gallery of Disney Fine Art at The Cottage Restaurant in Laguna Beach.

In another capacity, I am Vice President and Fundraising Chairperson for the Costa Mesa Library Foundation. I am spearheading the campaign to raise funds for a new central state-of-the-art library in the City.

I have attached my resume for your reference.

Cultural Arts Committee

1. Indicate why you wish to serve on this Commission/Committee/Board:

I grew up in a culturally diverse city of Southern California. Moving to Orange County I found a home in Costa Mesa. Not only does Costa Mesa offer a great location close to the ocean, a safe place to raise a family and many amenities within the city...Costa Mesa also values diversity, culture and arts.

I would like to work toward this goal of keeping Costa Mesa culturally diverse and a home for the arts. There is a strong need to keep our community educated with access to culture and arts. Our children need a place to display their creative abilities, our families need low cost forms of art education & entertainment and citizens who are artists need a place to display their talents.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on:

My professional background includes fundraising, sales, promotion and marketing. It is vital that local businesses become involved and support the cultural arts of Costa Mesa. Dating back to my years in college, I helped pay my way through college as a fundraiser for my University. My positions included directly fundraising with alumni and managing a group of fundraisers and phone bankers.

Also during my senior year, I chaired a fundraising committee in charge of the "Senior Gift". The "senior gift" is what seniors left to the University upon graduation. A group of seniors and I successfully raised over \$12,000 dollars to leave to the University.

Currently, I am a member of the business community in Orange County. I am also in the process of starting a small business based out of Costa Mesa.

In my current position as an executive recruiter, I work with a number of corporations in sales and executive recruitment. A large part of the Cultural Arts Committee is fundraising, promotion and advertising...all of which I have strong experience in.

CULTURAL ARTS COMMITTEE

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Committee/Board:

Of all the Boards and committees on which I have served, this one has produced the most tangible results - the Artists Showcase. I remember when it was just an idea and now with each one, it has a bigger following. I would like to continue to be involved. The committee is a great group of people who enjoy one another and I am so happy to be involved. I am grateful for the opportunity to provide volunteers to assist with parking, set-up and clean-up for our events.
