

AMERICAN YOUTH SOCCER ORGANIZATION  
a nonprofit corporation dedicated to youth soccer  
**everyone plays<sup>®</sup>**

March 2, 2010

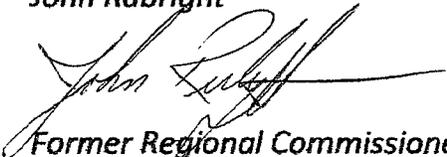

Honorable City Council Members,

*AYSO Region 120 has enjoyed the city's generosity in letting AYSO use the fields in this great city. We have been privileged to play soccer and host many tournaments in this great city, many of them bringing players from all over California to play at the Farm Sports Complex- A sports complex that we can all be proud of. The success of these tournaments has enabled us to keep registration fees among the lowest in the country as well as provide for scholarships to play soccer, and make a contribution to the maintenance of the very fields we play on. It is about making a contribution to our community that makes me proudest...*

*We would like to give back to The City of Costa Mesa who has given us so much to be proud of. Over the years, we have saved enough to fund the construction and lighting of Farm fields 5&6 estimated to be around \$182,000. Please accept our donation to the City of Costa Mesa for the lighting of these 2 fine fields, we ask that you approve this donation and fast track it's construction so that the youth of Costa Mesa can enjoy it this summer.*

Thank you,

John Rubright

Former Regional Commissioner

AYSO Region 120
