**BACKGROUND**

The Costa Mesa Municipal Code contains regulations governing the issuance of fireworks permits and the discharge of fireworks. These regulations are found in Sections 9-179 through 9-190. The City Council is authorized to enact further measures governing fireworks.

**PURPOSE**

The City Council wishes to adopt additional regulations governing the sale and discharge of fireworks in order to increase the protection and well-being of our citizens. The Council intends to tighten the safety regulations while still allowing our residents the limited use of fireworks.

**POLICY**

The City Council of Costa Mesa believes that the City residents can safely utilize fireworks to celebrate their patriotism when done according to reasonable safety regulations. Various youth oriented organizations should be permitted to sell fireworks to raise funds for support of valuable youth activities that contribute to the general strength, health and enjoyment of our residents. These goals can be obtained by limiting the number of fireworks and strictly prohibiting the sale of all dangerous fireworks.

**REGULATIONS**

1. The sale of "spinners" and similar fireworks ~~and the sale of any fireworks that are intended to be "hand held"~~ are prohibited. This prohibition shall be effective immediately for the sale of these devices individually or in homogeneous packages, and their sale within group packages containing an assortment of various fireworks devices shall be prohibited beginning in year 2006. The Fire Chief shall prepare (and update as needed) a list of the common names of the various fireworks devices that are ~~"hand held"~~ and "spinners." This list will be made available to fireworks manufacturers, distributors and other interested persons.
2. No more than one fireworks sales permit shall be issued to a single organization or school, unless more are expressly allowed in this Policy.
3. No more than 9 permits each year may be issued to organizations based at a single high school located within the City or where Costa Mesa residents constitute 50% or more of the students at a high school located within 1 mile of the City boundary. For an applicant based at a high school to qualify for a permit, the applicant must attach a letter to the application from the school's Principal or Activities Director certifying the applicant is a recognized organization supporting school activities.
