Dear Ms. Theriault:

We appreciate the opportunity to submit this expense information for your consideration regarding an extension for the "Driver Services for Senior Mobility Program" contract. Western Transit has been operating this service at the same rate for the past three years and current costs necessitate a request for a discounted service hour increase of \$1.13 per hour. The increased costs are primarily due to wages, medical insurance, and auto liability insurance, please see attached information.

Western Transit has successfully provided service for this project for over 8 years and wishes to continue to operate the service in a manner that will meet the requirements of the City of Costa Mesa.

Thank you for the opportunity to work with the City and for your consideration regarding this rate revision request. Please contact me if I can further clarify this information. We look forward to your response.

Sincerely,

A handwritten signature in cursive script that reads "Diane Slagle".
