COMMISSION: Planning Commission

MEETING SCHEDULE: The Commission meets on the 2nd Monday of the month at 6:00 p.m.

REPRESENTATION: Representation is comprised of five Costa Mesa residents.

PURPOSE: The City Planning Commission derives its power from the provisions of the California Government Code. The Planning Commission has the power, by law, to act upon or recommend to the City Council: 1) the regulation of future growth, development, and beautification of the City in respect to its public and private works; 2) consistency with municipal plans to ensure that future growth and development do not impede upon sanitation, public utilities, and transportation facilities; 3) the location of any proposed buildings, structures or works; and, 4) the design and improvement of proposed subdivisions of the land. The Planning Commission also hears appeals from decisions of the Transportation Services Engineer on matters dealing with parking restrictions, traffic control devices and transportation improvements.

GOALS AND OBJECTIVES:

Continued implementation of the following Planning Commission Objectives adopted in May 2000:

1. To review and take action, or recommend action to the City Council, on land use development proposals based on General Plan and Zoning Code compliance.
2. To make recommendations to the City Council on Zoning Code amendments, land use policy, and adoption of environmental documents.
3. To administer a Planning Commission award program which recognizes excellence in community planning, architecture, and green building design.
4. To serve as a review authority for appeals of the Zoning Administrator's decisions.

COMMISSION: Parks and Recreation Commission

REPRESENTATION: Five residents of the City of Costa Mesa.

PURPOSE: This Commission was created to assist the City Council and various City departments with issues relating to Parks and Parkways.

MEETING SCHEDULE: **Fourth Wednesday on every odd month. Agenda Review at 5:30 p.m. and Regular Meeting at 6:00 p.m. (November meeting on 3rd Wednesday, no meeting in December)**

GOALS AND OBJECTIVES:

- Review and recommend City's Field Use and Allocation Policy Implementation, application and changes.
- Review and approve recreation program related fees.
- Review and recommend Recreation Cost Recovery Program.
- Review and approve applications for the use of temporary lights on City-owned fields.
- Make determination on all Tree Removal Requests in accordance with the City's "Streetscape and Median Development Standards".
- Review and recommend revisions to the Streetscape and Median Development Standards.
- Review and recommend concept plans for additional lighted athletic fields in the City.
- Review and recommend concept plans for various parkway improvements.

- Review and recommend concept plans for installation of arterial street median islands.
- Review and recommend improvements to Fairview Park in accordance with City Council Policy 500-11.
- Review and recommend concept plans for improvements to various City recreation/athletic facilities.
- Represent the Parks and Recreation Commission at various City sponsored meetings and events.
- Review and approve concept plans for Smallwood Park.

ACCOMPLISHMENTS/CURRENT STATUS:

Reviewed, took action and/or made recommendations to City Council on the following projects and items:

- Citywide Parkway Repair and New Sidewalk Projects
- Various plaque and/or tree donations
- Various street tree removal requests
- Proposed Capital Improvement Projects for Fiscal Year 2010-11, as they relate to Parkways, Medians, Leisure and Community Services
- Citywide Athletic Field Use and Allocation Policy
- Fees for use of various City Facilities and recreational offerings
- Reviewed requests for temporary lights per the Athletic Field Temporary Light Policy
- Fairview Park Annual Report on goals and accomplishments
- New Instructional classes within the Recreation Program
- Balearic School lease agreement updated
- Fairview Park Signage
- Parks and Recreation Chairperson Award Program
- Toured all City parks
- Concept plans for the lighting of Fields #5 and #6 at the Farm Sports Complex
- Bark Park Expansion plans; approvals completed
- Brentwood Park – approved master plan
- Brentwood Park Expansion – Participated in the opening of the site.
- Fairview Park Wetlands and Riparian Habitat, Phase I, completed
- Fairview Park – approved Bike Trail
- Commercial Use of City Parks and Facilities within Parks – Recommended to Council
- Partnership Policy – Recommended to Council
- Masterplanning of Certain NMUSD School Sites – recommend to Council
- Exhibit Historic Photographs in the Neighborhood Community Center – approved
- Joann Street Bike Trail – Approved conceptual design and planting palette.
- Lions Park Beautification Project – Approved conceptual design and recommended approval to apply for State grant.

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Planning Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

The past four years as a Parks and Recreation Commissioner have given me insight to our parks system and have given opportunities to identify issues and move toward solutions. I want to carry that experience to help develop this city by serving as a Planning Commissioner. Costa Mesa is a great city and can be made stronger with those who have the city's best interest in mind.

2623-1B rev. 1/09

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

Served the last four years as Parks and Recreation Commissioner accomplishing tasks such as:
Implementing park tours by commissioners review and recommend changes for the Median and Streetscape Standards, investigation into issues at Lion's Park, meet with the public to solicit pros/cons regarding additional skate parks, conducted Parks and Recreation Study Sessions and Joint meeting between Parks and Recreation and Planning Commissions.

Served the last eight years as President of the Halecrest and Hall of Fame Community Association working on project such as:
Meeting with Segerstrom and CarMax to review a request to bring the existing CarMax into our community, create a link with the CMPD to share safety issues, create community events to increase unity between neighborhoods, created and hosted the first "Costa Mesa Annual Community Picnic" to unite all communities within the city, represented the community at city meetings (405MIS).

My years as Association President and Parks and Recreation Commissioner have helped me form a close working relationship with city staff, elected officials and community members.
When issues arise, I go out into the public to "see for myself" and work toward solutions that help all.

We need more people to step up and help make this the best city and I have and will demonstrate my dedication to the cause. Costa Mesa is where I am raising my family and I am proud to be a resident.

Planning Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

I very humbly submit my application for your consideration. Costa Mesa is a city that is in constant flux and planning issues are an integral part of our quality of life. A city functions only as well as it is planned. The Planning Commission provides community leadership on planning matters. Serving on the Planning Commission is a meaningful and extraordinary honor that comes with great responsibility. Commercial and residential planning issues are constantly being brought forth. In order to vote on these issues then the necessary research must be done and this includes visiting the site where development will take place, meeting with those, if necessary, who have an item before the commission and thoroughly reading the staff reports. The Planning Commission must oversee and implement our General Plan, ensure that any and all development be within the building and zoning codes. I enjoy and have a sincere interest in design, development and construction matters. Additionally, I enjoy the broad outreach to the community at large, in relation, to planning issues.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I have served on the Cultural Arts and Historical Preservation committees ,as well, as other at-large boards. That opportunity has afforded me with the experience of sitting on a voting board. I am well versed in CEQA guidelines, California Coastal Commission, land use laws, zoning and building regulations. I have successfully taken all courses related to the California real estate brokers and contractors licenses. And I am continuing my education for USGBC standards. I also feel that I can work strongly with the members of the public, planning commission, city staff and city council. Having worked in the soBECA district since 2001 it has given me the opportunity to fully comprehend its Urban Plan. I am well versed in the Westside Overlay and its importance to the city of Costa Mesa. Please do not hesitate to contact me if you have any questions.

Planning Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

I have served on the Planning Commission for the last four years, two as Vice Chair. My time on the commission has been fulfilling and challenging. I have learned many things and enjoyed all of my time on the commission. I would ask that you consider appointing me for another term. In the time I have served, the City has seen a decline in building due to the struggling economy. We, the current commission, have not waisted the time. We have used the time to work on refining rules and regulations that will help the people of Costa Mesa in the future. We are not finished. I would like the opportunity to continue this work.

Thank you for your consideration of my re-appointment to the Planning Commission.

(Over)

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

Four years on the Costa Mesa Planning Commission.
I ran my own accounting consulting business until December 2009 (15 years). This gives me an understanding of the need for a business to make a profit while still needing to keep costs in line.
I was a Journeyman Carpenter prior to moving to Costa Mesa. This gives me an understanding of construction, planning and plan reading.
I served on the Redevelopment & Residential Rehabilitation (3R) committee.
I served one year on the SOBECA overlay development committee.
Past President of the Costa Mesa High School Color Guard Boosters.
Nine year on the Board of Harbor Christian Fellowship.
Treasurer of the Board of California Victory Church.
Chairman of the Board of Brookhollow Owners Association.

1. Indicate why you wish to serve on this Commission/Committee/Board:

I've worked and served in many communities in Orange County. I enjoy working and interacting with the public on their construction projects and seeing their dreams & plans realized.
Now, I would like to take it to the next level and help my city and it's citizens by serving on the Planning Commission.

Thank you for giving me the opportunity to make a difference in Costa Mesa by utilizing my talents, skills and knowledge towards preserving and increasing the wonderful quality of living we now enjoy.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I've lived in Newport Beach for 11 years and now in Costa Mesa for 14 years.
I'm a General Contractor serving Orange County and parts of LA County. I am an entrepreneur as I've started my own company.
I have lots of experience at multitasking, meeting and keeping deadlines, and became successful at keeping homeowners happy by using communication and interpersonal relationship skills.
General Contractors excel at problem solving and being solutions oriented.

I've built my business on integrity, honesty and always communicating with the homeowners.

City: Zip:

Phone (H): (W):

E-mail Address:

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Planning Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

Costa Mesa has worked hard over the past decade to create a strategic, integrated vision for smart growth, balanced planning and responsible development which are essential to the expansion and modernization of its sales tax base and property tax base. This strategy is fundamental to a built-out City's ability to maintain a sustainable quality of life for its residents and business owners through thoughtful development and redevelopment projects that are economically viable and environmentally responsible.

The City has articulated its Planning, Economic Development and Community Development strategy in:

1. Costa Mesa General Plan
2. Costa Mesa Zoning Regulations
3. SoBECA Urban Plan
4. Mesa West Residential Ownership Plan
5. 19 West Urban Plan
6. Mesa West Bluffs Plan
7. Newport Boulevard Specific Plan
8. North Costa Mesa Specific Plan
9. Costa Mesa Redevelopment Plan
10. Theater and Arts District Plan
11. Orange County Fairgrounds Master Plan

My interest in serving on the Costa Mesa Planning Commission is to help facilitate the implementation of these planning documents and zoning regulations in a way that 1) respects the goals, objectives and policies of each, 2) is sensitive and responsive to the fundamental property rights and business objectives of property owners and the development community, 3) ensures the proper assessment of environmental impacts as required by the California Environmental Quality Act (CEQA), 4) positions the City of Costa Mesa as a desirable jurisdiction to own, develop and redevelop land, and 5) enhances the quality of life for Costa Mesa residents and business owners.

Specifically, my objectives as a Planning Commissioner are:

1. Preserve the existing land uses of the Orange County Fairgrounds
2. Make sure Costa Mesa has a 'seat at the table' in the CEQA/land use entitlement processes for any potential development of Banning Ranch
3. Encourage and seek out mixed-use and residential projects with specific interest in increasing Costa Mesa's percentage of owner-occupied housing
4. Actively represent Costa Mesa's interests with CalTrans and the Orange County Transportation Authority relative to regional transportation issues/projects as they impact/influence implementation of the City's various Urban Plans and Specific Plans
5. Expand and modernize Costa Mesa's property tax base and sales tax base, enhance property values of current property owners, and improve overall quality of life through balanced planning and responsible development/redevelopment projects.

1. Indicate why you wish to serve on this Commission/Committee/Board:

I have been a proud resident of Costa Mesa for sixteen and a half years, and am in the process of purchasing a home in Costa Mesa. My wife and I plan to raise our family here. Costa Mesa's future is my family's future, and the nature, success and quality of the improvement of our community is critical to that future. My career and professional experience have provided invaluable insight into how Planning Commission actions help protect what makes Costa Mesa a dynamic and unique city while improving the quality of life for Costa Mesa residents and businesses. I have lived in the Newport-Mesa area since 1979, and have lived and worked in Costa Mesa for over sixteen of those years. I know and love this community, and am cognizant of its many strengths as well as the areas where there is work to be done. I would greatly appreciate the opportunity to apply my professional experience and knowledge of Costa Mesa and serve the community on the Planning Commission.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I am a Senior Paralegal in the Environment, Land & Resources Department of Latham & Watkins LLP, and have over eleven years of experience in land use and environmental issues, including review and analysis of complex planning, land use and environmental materials. I work daily with the language and issues encountered in city planning, and would bring that experience to the Planning Commission. I routinely review and analyze the full spectrum of land use and planning materials, including but not limited to, general and specific plans, municipal codes and zoning ordinances, environmental impact reports, and related mapping (zoning, parcel, hazard, tract, etc.). I am cognizant of the legal and practical aspects of compatible and appropriate uses, traffic and parking, and related quality of life issues. Please see my resume for a full description of my professional experience.

I currently serve on the 3R Committee, where I was a member of the Homeless Prevention and Rapid Re-Housing Program and Community Development Block Grant subcommittees.

"Please note that this document and information included therein becomes public information pursuant to the California Public Records Act and may be disclosed to the public upon request."

Education

University of California at Irvine Paralegal Certificate Program, completed in May 2002.

City of Costa Mesa Application for Planning Commission Appointment

Name: Jim Fitzpatrick

Indicate the name of the Commission I am interested in serving on: Planning Commission

1) Indicate why I wish to serve on the Planning Commission:

I think it is a privilege to serve the community of the City of Costa Mesa. I watched my grandfather serve my community growing up, focusing on quality of life issues as a Town Selectman. My Mother serves on her local Housing Authority focusing efforts on quality of life of the seniors. As kids, we volunteered as a family providing some of the best memories around civic responsibilities. You could say my passion for community service is genetic.

2) Indicate any experience or qualifications you posses that might apply to the Planning Commission:

I am a current Planning Commissioner, asking to be reappointed to the Planning Commission.

I brought with me the experience of having a family with young children, owning a home, starting a small business. I have experience as an international business executive with a track record of achievement handling complex, large ticket, long cycle business deals. As a small business owner, I introduced a new concept to market that had all kinds of land use requirements. This gave me the relevant experience of dealing with Planning Departments throughout the region and provides me perspective that I have applied to Planning Commission Decisions.

I continue to gain experience and have improved as a Planning Commissioner. I have continued to educate myself, as an example I invested time to become a Certified Green Building Professional. I have worked well with my fellow Commissioners, City Staff, Council Members and the community to accomplish efficient results and to influence green and sustainable outcomes. As an example, the community made it clear to the Planning Commission that improved enforcement of Title 20 – Code Enforcement was a priority. I worked with the community, with Staff, and fellow Commissioners to vet and package a recommendation approved by City Council.

I have participated in the community focusing on quality of life issues, and attempting to make Costa Mesa a place to attract and retain families. I have championed key infrastructure initiatives like bikeability and walkability. I have encouraged reliable process, accountability and best management practices that have a sustained impact on beneficial outcomes for residents and business.

I look forward to continuing to serve with the new Council and Commissions. Costa Mesa is a great place to live, work and play.

I am asking to be reappointed to the Planning Commission.

Planning

December 16, 2010

City of Costa Mesa City Council

P.O. Box 1200

Costa Mesa, CA 92628-1200

Dear Honorable Mayor and Councilmembers:

I am pleased to submit this letter and accompanying materials to support my application for an appointment to the City's Parks and Recreation Commission (my preference) or the Planning Commission.

As an urban planner and environmental consultant based in Costa Mesa, I have over 13 years of experience working with the private sector and government agencies on land use planning and environmental policy issues. Specifically, I have cultivated a practice focusing on sustainable development and green building, community planning, large-scale recreational and open space planning, and environmental policy development and analysis. Trained as an attorney and environmental designer, I have a keen understanding of how to meet regulatory requirements and program goals with creative land use and design strategies.

From comprehensive citywide plans to regional park plans to infill development sites, I operate at various scales and know how the planning and development processes intersect. Previously I served as the planning director for the Baldwin Hills Conservancy, a state agency charged with planning, developing, and programming a 1,400-acre park in the heart of Los Angeles. I also spent three years as the Deputy for District and Environmental Policy for a Los Angeles City Councilmember, where I managed community planning projects, drafted legislation, and evaluated development proposals. Having worked for elected officials and government agencies, I have an intimate comprehension of public administration, the regulatory arena, and the political process.

As a resident of Costa Mesa I have served on city committees charged with planning and improving our built and natural resources. In 2006, I was appointed to the City's Santa Ana River Trail Blue Ribbon Task Force, which produced a vision strategy for enhancing the river corridor as a key component of our parks and recreation system. More recently, I was a member of the Brentwood Park Task Force, which advised the City in the conceptual master planning for the expansion of my neighborhood park. And through my position as a Board member of the Costa Mesa Community Foundation I have been an advocate for directly investing in our neighborhoods and park system. I am also a current member of the City's Cultural Arts Commission and the 3R Committee.

More important than my experience and expertise, though, is my vested interest in ensuring that Costa Mesa grows as a prosperous and dynamic community. I would greatly appreciate the opportunity to bring my passion and experience to further enhance our city. Thank you for your consideration.

Sincerely,

Jeffrey T. Harlan

Jeffrey Harlan

DEC 17 '10 AM 8:5

JEFFREY T. HARLAN, Esq., LEED AP

Senior Planner

Jeff's passion for enhancing the built environment is matched by his educational and professional commitment to working with the government and the private sector on environmental policy and land use planning issues. With over 13 years of experience at various levels of government and as an independent consultant, Jeff's expertise includes sustainable design and green building, community planning, large-scale recreational and open space planning, and environmental policy development and analysis. Trained as an attorney and environmental designer, Jeff has a keen understanding of how to meet regulatory requirements and program goals with creative land use planning and design strategies.

Before joining The Planning Center, Jeff was a senior project manager at Michael Brandman Associates in Irvine, California, where he provided strategic counsel regarding sustainable development, community planning, and project programming. He also served as the Deputy for District and Environmental Policy to Los Angeles City Councilmember Ruth Galanter, the planning manager for the Baldwin Hills Conservancy, and counsel to the Los Angeles City Attorney's Office, Environmental Protection Section. Through these diverse roles, he developed an intimate knowledge of public administration, enabling him to navigate successfully the political and bureaucratic arenas while advocating for his clients dealing with complex policy planning and land use issues.

Planning or Parks

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

As a father of three young children and long-term resident of Costa Mesa, I feel I owe a debt of gratitude to the city that I have grown to call home. Costa Mesa offers a wide range of activities and neighborhoods for young families such as mine. This feeling of pride for our city has caused me to look for ways to improve our city, while retaining its warmth and charm. As a former Rotarian, I am constantly looking for ways to reach out to the community through programs such as Arbor Day tree plantings, Coastal Costal Clean Up with the County, to honoring outstanding students. This experience has taught me that we need community minded people on our city's commissions serving our residents.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

Costa Mesa is the best-kept secret in Orange County. Costa Mesa offers world-class arts and entertainment, shopping, industry, education and parks. Given all the city offers to its residents as well as visitors, we need people who can look at the big picture and how small actions can create big results. As the owner of a Supply Chain consulting firm, I show companies and individuals how to drive those small actions while keeping the larger picture in mind. Additionally, I am an active volunteer with AYSO region 97, my children's school, and my church. As the Community Services Chair for a local rotary club, I worked to improve our community through programs both within Costa Mesa as well as internationally. But most importantly, I bring passion for making our city great.

Sue Lester

I am interested in serving the community and would like to be considered for a position on the Planning Commission. As a resident and business owner in Costa Mesa I am very interested in the welfare of our residents and businesses. I know many of the challenges facing both of these groups as well as the challenges facing our city in these difficult economic times. I have attended all of the city council meetings since my business opened at the end of last year and have attended some planning commission meetings as well.

Our city must generate additional revenue to avoid further cuts of necessary city personnel and services. The planning commission plays an integral role in the future of our city's residents and businesses and the quality of life in Costa Mesa overall. Being on the Planning Commission would allow me to assist in this process not only short term but long term. I would like to help our current businesses to succeed and help to attract a variety of new businesses that would complement the businesses we already have available here. Working together with different types of people with different interests toward a common goal that will benefit our community is something I truly want the opportunity to do and I have the time to do it.

I would also like to work with the other planning commissioners on improving our streets and roads. Very little funds have been made available for much needed improvements throughout the city. I am interested in keeping our neighborhoods beautiful, safe and in good condition. I would like the opportunity to work with planning and the council to find new and creative ways to free up funds so our infrastructure issues can be addressed. The revitalization of the West Side as well as the homelessness issues occurring in the city are also of great concern/interest to me. I know I can contribute to solutions and am willing to put the time needed to achieve the goals of the city.

I believe my work and life experience would be beneficial to the Planning Commission, our residents, and our current and potential new businesses. I worked for ten plus years in loss prevention and operational systems management for one of the nation's leading retailers best known for its customer service. Part of my time was spent working at South Coast Plaza, the nation's highest revenue generating mall. I have many years of Human Resource and Risk Management experience. Part of my responsibilities included working with OSHA, the fire marshal and other regulatory agencies. I am well versed in conflict resolution and dealing with people, all kinds of people. I am fair and have the ability to deliver a message that isn't always favorable yet achieve a favorable outcome. I continually push myself to learn more so I can continue to be effective in my business and personal life.

I believe my experience as a business owner in this city would be a valuable asset to the commission as well as to the applicants that come before the commission. I will be able to see the situation from both sides. I am prepared to act on behalf of what is best for Costa Mesa overall while helping our businesses and protecting our residents. I will not abandon the interests and quality of life of our residents to benefit big business but believe I would be effective in working toward resolutions that will serve all parties and help Costa Mesa to continue to grow in a manner that enhances our quality of life and access to a variety community friendly businesses.

I don't know everything there is to know about planning and what I don't know I am committed to learn. I have a lot of qualities to offer as a member of the planning commission that I know would benefit the commission and the city. I have the time to dedicate to help Costa Mesa to improve for our residents, businesses, and visitors. I can see the big picture without losing focus of the process needed to achieve the desired conclusion for the big picture. I am a hard worker and will do whatever I can to contribute to our city.

I appreciate the opportunity to apply and will continue to be involved and contribute all I can.

Indicate the name of the Commission/Committee/Board you are interested in serving on:

PLANNING COMMISSION

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

As a resident of Costa Mesa since 1985, I have had the opportunity to observe the changes and unique improvements to our City for many years. There is still work to be done and I would be honored by the opportunity to continue to serve. Since 2006 I have volunteered my time in public service with dedication and integrity. I am presently a Parks and Recreation Commissioner for the City, as well as an active member of two of our City Committees: Historic Preservation and 3R.

I believe that in order for any city or municipality to grow, improve, and better serve its citizens there must be effective and insightful service and leadership at all levels. There must also be an emphasis on the importance of proper balance between the business needs of the City and the suburban, residential feel and community. Residents that are interested in contributing their time, skills, and knowledge should step forward and offer their assistance. This is what I have done and what I want to continue to do. I keep abreast of projects, attend public events, and frequently attend City Council meetings to remain knowledgeable of current issues and developments. I believe my skills, accomplishments, familiarity with City processes and personnel, ongoing service to the City, and the desire to contribute to Costa Mesa would make me a successful member of the Planning Commission.

As a Planning Commissioner I would focus on the following key objectives:

- Land use development issues including growth, development, and beautification
- City General Plan, planning and municipal codes &regulations, and use permit issues
- Collaboration with Council and community on key projects and issues
- Business development and streamlining application processes
- Homelessness and blight-related issues

I consider myself to be an accomplished leader with a demonstrated ability to successfully implement and manage complex projects. I am a skilled organizer, effective communicator, and an integrity-driven problem solver. I remain dedicated to and focused on all projects, from initiation to completion. I would be honored by the opportunity to further serve the City with an appointment to our Planning Commission. I appreciate your consideration.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

My background and experience has provided me the skills and knowledge that would make me highly effective with key Planning Commission responsibilities. Areas of expertise include the following:

- Knowledge and familiarity in legal document drafting and review (including contracts, plans, policies, ordinances, and applications)
- Expertise (10+ years) with residential and industrial property management
- Knowledge of relevant real estate market issues and changes
- Objectivity in reviewing and considering project requests
- Familiarity with Costa Mesa and its unique issues
- Competency with meeting processes and rules of order

Loyola Marymount Law School, Los Angeles, CA

Bachelor of Science
Southern Illinois University, Carbondale, IL

Certificate in Contract Management
University of California, Irvine, CA

Training / Professional Affiliations

Admitted to practice law in California and Federal District Court

Member of the California State & American Bar Association

National Contract Management Association

Public Law Section of the American Bar Association
Member of the National Business Incubator Association

Employment History

GCAP Services, Inc. *President*	1997 – Present
IT Corporation *Director of Contract Compliance and Accounting Department*	1995 – 1997
IT Corporation *Manager of Contract Compliance*	1989 – 1995
Tracor Flight Systems, Inc. *Manager of Pricing and Estimating*	1986 – 1989
McDonnell Douglas Corporation *Contracts Administrator*	1983 – 1986

Relevant Experience

- Project Director for state project to provide supportive services to DBE firms. Responsible for managing overall project, including developing training schedules, project charter, and staffing requirements. Actively participated in quarterly and annual client meetings, facilitated workshops, and performed marketing and outreach to key stakeholders.

- Project Manager for large performance audit project with local government agency. Audit work included over 30 various types of contracts, including construction, engineering, professional services, equipment, and material contracts. Audit scope included a review of the procurement process – acquisition planning and award; the contractor performance – technical, financial, and contractual; the agency's performance – project management, contractual, and financial; and comparing the agency's practices to best practices for similarly situated agencies. The work involved planning, scheduling, and developing various reports, as well as.

presenting to various Boards and committees. The audit was completed on time and budget and the recommendations were implemented, improving practices, saving money, and increasing compliance.

- Served as DBE Reconsideration Officer and Panel Member for several DBE Good Faith Effort reconsideration meetings. Served as Public Hearing Officer for Southern California Regional Disparity Study Public Hearing. Taught "Fundamentals of Public Works Construction Contract" course for the California Association of Public Purchasing Officers. Presented "Improving Contract Administration Practices" to the National Institute of Government Purchasing, California Chapter.

- Project Manager for regional water agency's small business program. Responsible for developing training curriculum, facilitating workshops and focus groups, outreach, developing materials, and overall administration of program. Assist with the planning and registration for an annual conference, developed new website for automating registration and payment, and assist in improving program approach.

- Project Manager for a major initiative to streamline and integrate systems and procedures covering all key business areas of a billion-dollar firm. Required the revision of the policies, procedures, and implementing new automated systems. Assumed hands-on role in assessing the company's needs, developing policies and procedures, implementing new automated applications and training employees.

- Lead Consultant assisting in the assessment and reengineering of contracting systems for large public sector entity. Revised contracting processes and developed contracts administration procedures.

- Task Manager to develop estimating and pricing system policies, procedures, associated manuals and forms to ensure compliance with the practices of a large environmental engineering, and government regulations and laws associated with federal government contracting.

- Project Manager for the assessment of financial practices for a large state agency. Responsible for performing site assessments of financial systems, practices, and processes. Developed fiscal management procedures manual ensuring compliance with GAAP, State Controller's Office policies, legislation, and Codes.

- Lead Consultant providing litigation support to a public agency. Analyzed a large contract between the Agency and defendants, including all amendments, and performance. Provided litigation support services that focused primarily on the review of the contract, amendments, risk management and other areas to ascertain compliance with contract terms.

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Planning Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

As an eight year resident of Costa Mesa and a recent homeowner who plans to live here for some time to come, I want to make sure the future of our great city is in good hands. I have lived in many of the various neighborhoods around the city including the Westside, Eastside, Mesa Verde & Halecrest. I know the issues in all areas of the city; not just the neighborhood I currently reside.

Also, as a certified Real Estate agent and the owner of a Real Estate Acquisition firm, I am very well versed in the various issues that come with the territory of being a Planning Commissioner. I have followed in detail the Planning Commission meetings over the past few years and the issues that have arisen in those meetings. My goal as a Planning Commissioner is to continue the good work of the commissioners before me in maintaining a high standard of living for Costa Mesa's residents. I promise not only to do the research and work that is asked of me, but to go above and beyond to improve Costa Mesa as best I can in my role as Planning Commissioner.

Costa Mesa is a unique town unlike any other in Orange County, and for that I am grateful. However, we must continue to enforce our municipal code to maintain clean and beautiful neighborhoods. We must keep our Code Enforcement accountable to our municipal code and continue moving forward in our resolve to keep Costa Mesa a beautiful city for years to come.

I sincerely appreciate your consideration for this position.

Ethan Temianka

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

The role of a Planning Commissioner is quite complex in scope and nature. However, a great portion of the matters that come before the Commission have their roots in Real Estate and the important issues that go along with building and design location as well as improvement and use of private property in our city.

In my former position, I assisted with the design and development of Commercial projects throughout the Western U.S., and have a deep knowledge of commercial projects and design. This knowledge, combined with my familiarity of the various areas of the city, would make me the ideal Planning Commissioner. Also, my role as owner of a Real Estate firm has helped me to realize what makes neighborhoods have inherent and intrinsic value over time as well as given me a keen business sense that is useful in a range of situations.

In addition, my role as Co-Founder of 'Save the Fair', which supported the ballot measure to lock in the zoning of the Orange County Fairgrounds through a vote of the people, gives me a unique advantage in that I have already been deeply involved in one of the largest land-use issues of our time here in Costa Mesa. I care deeply for the Fairgrounds and want to make sure it is a part of our great city for many years to come.

Qualifications:
- Bachelor's Degree in Political Science; University of California, Irvine
- Certified Real Estate Agent in the State of California
- Small Business Owner
- Co-Founder, 'Save the Fair'
- Member, Halecrest/HOF Neighborhood Association

Thank you again for your consideration for this position.

Ethan Temianka

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Planning Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

I've been a resident of Costa Mesa all my life (other than my college years). I've always been interested in helping the City improve through public service. This City is in such a great location, we have a great network of parks, one of California's best shopping centers and great community programs. I want to make sure, through careful planning, that any new or remodeled developments enhance our City's appearance and functionality. I want to help make sure that any new development that comes along helps to increase Costa Mesa's stature and accessibility. I believe that it is extremely important to help land owners and developers feel that their project can get done quickly and efficiently, while at the same time requiring necessary conditions to protect existing residents. Particularly, I think I would be very effective at helping project proponents with directional comments and innovative ways to improve their proposals.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I work as a project manager for a company that coordinates local permitting for new and modified cell phone sites. Over the past 5 years I've worked with over 30 local jurisdictions, including many cities, and in the process I have learned a lot about how city government works. I've used this experience to present nearly 100 projects to different planning commissions around California and Nevada. In doing this I have worked closely with both planning and building departments, which ultimately approved every single project that I have presented. I am knowledgeable about the different planning and building requirements that are needed for different projects, and I've worked closely with architects and engineers to provide jurisdictions with designs and modification that worked well aesthetically and functionally. This experience has shown me many of the problems that have delayed and or killed projects, and taught me to how to put together innovative solutions. I have also managed several construction crews, which has helped familiarize me with many construction materials including some really exciting green building materials. I am a very motivated individual with a keen interest in enhancing the City of Costa Mesa's reputation and functionality. I've attached a copy of my resume for reference. Thank you for your consideration.

EDUCATION

Whittier Law School, Costa Mesa, CA
Juris Doctorate May 2005
Intellectual Property Certification Program

Charles University School of Law, Prague, Czech Republic
Comparative law program.

University of California, Los Angeles
Bachelor of Arts, Psychology, 2000

EXPERIENCE

Project Manager
Cortel, Los Angeles
Manager of a team of 10 on the Los Angeles Clearwire project. Managed all aspects of site acquisition and construction within Clearwire's market launch time frames. Ran all client and in-house deployment meetings, tracked and aligned all milestone dates to ensure accurate forecasting and actualization. Attended all planning hearings, worked with jurisdictions to create functional and aesthetic solutions to new and mod sites. Worked with contractors to ensure build schedules and jurisdictional approval of individual site builds. 2009 - Present

Site Acquisition Manager/Land Use Planner
Core Communications, Brea
Leasing and zoning for both Metro PCS and Verizon projects.

Cortel, Orange County
Worked with and managed a team to help launch Metro PCS's Southern California cell phone network, worked on T-Mobile's LA and Bay Area UMTS projects and T-Mobile's Las Vegas in-fill project. I reviewed and negotiated numerous contracts and represented both Metro PCS and T-Mobile at numerous public hearings. Some of the tasks performed include: site acquisition and lease negotiations, zoning research and application submittals, building permit expediting and work with architects and construction managers to refine and economize site builds, track and manage task. 2006-2009

Law Clerk
Quest Law Firm, Irvine, CA
Researched civil litigation involving contracts and intellectual property issues as well as employment litigation. April 2004- 2005

Document Review
Blackdot Wireless, Irvine, CA
Reviewed tower lease documentation for AT&T, Cingular and T-Mobile. Drafted new leases, negotiated new terms with landlords. 2005

Senior Certified Law Clerk
Orange County District Attorney's Office, Harbor Court.
Prepared and argued motions in court, processed discovery requests, and managed contacts with defense attorneys. Attended all proceedings. May 2003-March 2005

Broker Assistant
Wilshire Secured Capitol, Los Angeles, CA
Assisted broker in organizing transactions, completing real estate contracts, and working with attorneys to establish partnerships and limited liability companies. Managed a small construction team in order to complete renovations and remodels on several apartment complexes. 2002

Consultant
The Bulldog Group, Los Angeles, CA
Participated in the rollout of Bulldog 2.6 Digital Asset Management software to Sony Pictures Entertainment. Tested and customized Bulldog software for client specific applications. Drafted revised customer user manuals. Established client relationships with Sony Pictures Archives, Columbia Tri-Star International Television (CTIT), and The Game Show Network. Assisted in the making of a $2,400,000 project contract with CTIT. Attended status meetings, tracked system and client issues and analyzed project metrics in order to create efficient project plans. 2000-2002

Coach
UCLA Men's Novice Rowing Coach, Los Angeles, CA
Worked with rowers to build team confidence, technique, and power. Winning a silver medal at PAC-10's. 2001-2002

Consultant/Project Manager
Decision Support Consulting, Huntington Beach, CA
Assisted with PeopleSoft implementation. Attended meetings and documented the minutes. Helped to develop user friendly process records and manage client internal team progress. Processed reports. Documented business processes. 2000-2002

Research Analyst
UCLA Medical Center, Los Angeles, CA
Conducted Research on Hydrocephalus and Cerebellum Deficit in conjunction with Drs. Olmstead and Lazereff. Analyzed data and converted MRI images into volume measures. Utilized software to run statistical analysis against findings. Research article published in The California Pacific State Archives. 1999-2000

Aerospace Technician
Frontier Systems (now Boeing), Irvine, CA
Worked with engineers and clients to R&D parts needed for F-22 Raptor and helped design and build molds for the Hummingbird project (unmanned surveillance helicopter).

Parks and Recreation

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

Parks and recreational programs are important quality of life amenities for city residents. Costa Mesa, through planning and design, has wonderful facilities that that are a boon to our community. In times of budget crisis and cuts preserving these facilities requires diligence and expertise from managers, committees, supervisors and employees . I'm interested in contributing my time and skills working with others towards protecting and optimizing our recreational facilities and ensuring a fair and equitable distribution of our resources and programs.
Having raised two boys in Costa Mesa I have been a client of Costa Mesa Parks and Recreation for more than a decade. Our family deeply appreciates the fields and parks we played on as teams and as a family throughout the city. These amenities were important when we made the decision to move to our fair city and have improved our quality of life. My experience with Parks and Recreation goes way back. As a teenager I worked for my hometown recreation department lining fields and running the fieldhouse for a softball complex. It was a fun and challenging job through which I could experience at a young age the importance of recreation and open space in citizen's lives. Now as a college professor and practicing architect I have training and experience in project management and environmental design that will help the department and city preserve our recreational resources.

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Parks and Recreation Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

I want to remain involved in the city issues especially related to the Parks and Recreation system.
I think the Parks and Recreation Commission needs to remain its own entity especially with the current and future challenges we now face due to the economy and budgets. The current commission will end the year of 2010 having made great strides moving in a positive direction. I want to keep that motion moving and aid in making Costa Mesa the best city in the county.
If the Parks and Recreation Commission and Planning Commission are merged, I would like consideration for the Planning Commission. I have also applied for the Planning Commission in anticipation of such a decision. If the commissions are merged, the new commission needs to have someone versed in the parks and recreation system. This system needs to be represented. I am capable and willing to perform such a task.

NOV 17 '10 PM 4:

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

Served as Parks and Recreation Commissioner for the past four years.
This opportunity has given me an insight as to how the city's parks and recreation system works. Meeting and working with city staff has provide an experience of working within the municipal guidelines.
Some accomplishments during my four year tenure:

Initiated commissioner park tours, resulting in open, one on one communication with the public. Provided an opportunity for public input regarding the placement of "pocket skate parks" within neighborhood parks.

Participated in the review and proposed changes to the Streetscape and Median Standards.

Initiated a joint study between Parks and Recreation Commission and Planning Commission to discuss the homeless issue in the city as well as the formation of a partnership between both commissions.

Aided in the cleanup and repair of street lights located at Shalimar Park.

December 15, 2010

To Distinguished City Council Members,

A passion for my community is the driving force behind my desire to continue representing the City of Costa Mesa as a Parks and Recreation Commissioner. I ask for your nomination and support to continue my work on the many important issues that face our commission today.

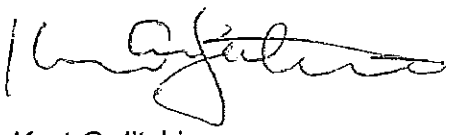
Today, Lions Park is faced with very important decisions to investigate how best to handle the needs of the community to keep this city asset safe and one that a family can be proud of. The many problems associated with this park can no longer be ignored. In your appointment to the Parks and Recreation Commission, I will ask to be appointed to the Lions Park Task Force to take on a proactive role in returning this park to the family park it was intended to be.

In addition to Lions Park, other important issues facing the city are; how do we save ROCKS while balancing the budget. One suggestion I have been working on with city staff is to convert the program to a pay per use program. We have looked at being able to provide services to many of the schools that have lost this program. I hope to be able to present to the Parks and Recreation Commission and ultimately City Council, a self sufficient program that continues to keep kids off the streets and provides enough cash flow to pay for itself. With the amount of research I have done, I believe this is something we can accomplish. Other issues include our many challenges in the Joint Use Agreement with the Newport Mesa School District.

When you look at my professional experience as a real estate broker and company owner, I am in the trenches of Costa Mesa every day. I often tell prospective clients that they should work with me because I know each and everything there is to know about Costa Mesa and why they should live here. This is the same reason I believe you as a City Council Member should appoint me. I live in Costa Mesa, work in Costa Mesa, and Play in Costa Mesa. I have been an active member of the Parks and Recreation Commission making many important and difficult decisions. I have served on many important task forces including the Costa Mesa High School and Tewinkle Sports Fields remodel. I have served as the Newport Mesa liason. I sit on the board of the Costa Mesa Youth Sports Council as well as Costa Mesa United. I have and expert level of understand of sports in our city, the needs of the groups, fields, and how we will continue to provide for our sports community with the many challenges of doing more with less fields.

It is with all these real world experiences that have given me the passion and desire to work for the community I love so much. I will continue to be an active member of my community and ask for your support in appointing me to continue the work I have begun.

Sincerely,



Kurt Galitski

Costa Mesa Parks and Recreation Commissioner

Dena Fisher, RD

December 7, 2010

To Whom It May Concern,

I am a 14 year resident of Costa Mesa and a parent of three boys who attend Davis Magnet Elementary School. I met Kurt Galitski, at Davis, in the spring of 2010 when it became apparent that ROCKS program might lose funding due to budget cuts. He approached me and asked if the PTA would help support him in the upcoming "Swingathon" to help raise money to save ROCKS. He worked closely with the PTA to provide support and information to the parents at Davis Elementary. As parents of children who attended a Costa Mesa school, we both had a vested interest in wanting to save an after school program that was deeply valued by many parents and children at local schools.

It was then that I saw Kurt's commitment to our community. He was one of the main people that dedicated his time to not only being the only person swinging at Davis, but making himself available to help out in anyway needed to raise awareness of the potential loss of the ROCKS program. Kurt played a key role in helping to motivate and support efforts in working to save the Davis ROCKS Program for 2010-2011 school year. Kurt was willing to donate his personal time to help support a program that was valued by the residents of the city of Costa Mesa. I truly feel that Kurt is a good candidate for a seat on the Costa Mesa Parks and Recreation Commission. He holds strong ties to the city of Costa Mesa on both a personal and business level. He is very passionate about helping to build a city that is a strong community working together to provide a safe and welcoming environment to all of its residents.

As a resident of Costa Mesa, with a family of young children, I feel that Kurt Galitski will work hard to support the whole community serving on the Parks and Recreation Commission.

Sincerely,

Dena Fisher, RD

Parks & Recreation

December 16, 2010

City of Costa Mesa City Council

P.O. Box 1200

Costa Mesa, CA 92628-1200

Dear Honorable Mayor and Councilmembers:

I am pleased to submit this letter and accompanying materials to support my application for an appointment to the City's Parks and Recreation Commission (my preference) or the Planning Commission.

As an urban planner and environmental consultant based in Costa Mesa, I have over 13 years of experience working with the private sector and government agencies on land use planning and environmental policy issues. Specifically, I have cultivated a practice focusing on sustainable development and green building, community planning, large-scale recreational and open space planning, and environmental policy development and analysis. Trained as an attorney and environmental designer, I have a keen understanding of how to meet regulatory requirements and program goals with creative land use and design strategies.

From comprehensive citywide plans to regional park plans to infill development sites, I operate at various scales and know how the planning and development processes intersect. Previously I served as the planning director for the Baldwin Hills Conservancy, a state agency charged with planning, developing, and programming a 1,400-acre park in the heart of Los Angeles. I also spent three years as the Deputy for District and Environmental Policy for a Los Angeles City Councilmember, where I managed community planning projects, drafted legislation, and evaluated development proposals. Having worked for elected officials and government agencies, I have an intimate comprehension of public administration, the regulatory arena, and the political process.

As a resident of Costa Mesa I have served on city committees charged with planning and improving our built and natural resources. In 2006, I was appointed to the City's Santa Ana River Trail Blue Ribbon Task Force, which produced a vision strategy for enhancing the river corridor as a key component of our parks and recreation system. More recently, I was a member of the Brentwood Park Task Force, which advised the City in the conceptual master planning for the expansion of my neighborhood park. And through my position as a Board member of the Costa Mesa Community Foundation I have been an advocate for directly investing in our neighborhoods and park system. I am also a current member of the City's Cultural Arts Commission and the 3R Committee.

More important than my experience and expertise, though, is my vested interest in ensuring that Costa Mesa grows as a prosperous and dynamic community. I would greatly appreciate the opportunity to bring my passion and experience to further enhance our city. Thank you for your consideration.

Sincerely,

Jeffrey T. Harlan

Jeffrey Harlan

DEC 17 '10 AM 8:5

JEFFREY T. HARLAN, Esq., LEED AP

Senior Planner

Jeff's passion for enhancing the built environment is matched by his educational and professional commitment to working with the government and the private sector on environmental policy and land use planning issues. With over 13 years of experience at various levels of government and as an independent consultant, Jeff's expertise includes sustainable design and green building, community planning, large-scale recreational and open space planning, and environmental policy development and analysis. Trained as an attorney and environmental designer, Jeff has a keen understanding of how to meet regulatory requirements and program goals with creative land use planning and design strategies.

Before joining The Planning Center, Jeff was a senior project manager at Michael Brandman Associates in Irvine, California, where he provided strategic counsel regarding sustainable development, community planning, and project programming. He also served as the Deputy for District and Environmental Policy to Los Angeles City Councilmember Ruth Galanter, the planning manager for the Baldwin Hills Conservancy, and counsel to the Los Angeles City Attorney's Office, Environmental Protection Section. Through these diverse roles, he developed an intimate knowledge of public administration, enabling him to navigate successfully the political and bureaucratic arenas while advocating for his clients dealing with complex policy planning and land use issues.

Planning or Parks

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

As a father of three young children and long-term resident of Costa Mesa, I feel I owe a debt of gratitude to the city that I have grown to call home. Costa Mesa offers a wide range of activities and neighborhoods for young families such as mine. This feeling of pride for our city has caused me to look for ways to improve our city, while retaining its warmth and charm. As a former Rotarian, I am constantly looking for ways to reach out to the community through programs such as Arbor Day tree plantings, Coastal Costal Clean Up with the County, to honoring outstanding students. This experience has taught me that we need community minded people on our city's commissions serving our residents.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

Costa Mesa is the best-kept secret in Orange County. Costa Mesa offers world-class arts and entertainment, shopping, industry, education and parks. Given all the city offers to its residents as well as visitors, we need people who can look at the big picture and how small actions can create big results. As the owner of a Supply Chain consulting firm, I show companies and individuals how to drive those small actions while keeping the larger picture in mind. Additionally, I am an active volunteer with AYSO region 97, my children's school, and my church. As the Community Services Chair for a local rotary club, I worked to improve our community through programs both within Costa Mesa as well as internationally. But most importantly, I bring passion for making our city great.

Parks & Recreation Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

I love the City of Costa Mesa! This is the best town I have ever lived in. I have been active in my neighborhood association (Mesa North Community Association) for more than 10 years and now I would like to contribute my experience and talent to our city.

DEC 17 '10 PM 4:

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I have served in various capacities in the Mesa North Community Association, my neighborhood association as Director, Treasurer, and newsletter publisher. This has given me insights into our City organization. For example, in 2005 and 2006, groups from outside our city were taking over Paularino Park on the weekends and using it for their games of succor. These were not children, but young adults. They told residents entering the park to leave, as "they were using it." A group of us from the association began working with the Parks department for a solution. Thanks to the Park and Recreation Department staff, particularly Jana Ransom, the City Council
declared the park a passive park on July 17, 2007. Subsequently, park improvements were made which greatly enhanced the beauty of the park as well as discouraged organized team sports. The park continues to today as a popular recreation spot for the entire neighborhood.

I am a CPA by experience and training. I understand budget constraints and the merits of good planning. I think these skills can be useful to the organization.

Attached is my resume.

Thank you for your consideration

City of Costa Mesa
Application for Commission/Committee Appointment

Name: Brian Pharris

Street: _____

City: _____ Zip: _____

Phone (H): _____ (W): _____

E-mail Address: _____

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Planning Commission / Parks and Recreation Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

As a Costa Mesa resident with a young family I want to ensure that my children have an opportunity to be raised in a city that engages the community and fosters growth through youth sports and educational programs. This requires adequate facilities as well as leadership to continue and improve programs that are currently being implemented. I also want Costa Mesa to promote business and development to support commerce and the residents of the city.

I am confident that I have the professional skills required to assist the city and I would like to serve as a Commission member as a part of my civic duty.

DEC 16 '10 AM 8:1

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I have been in commercial real estate for the past 10 years and have been involved in over 600 acres of development land and over 3 million square feet of investment transactions. I have had experience in the planning and development process as both a principal and a broker and I am aware of the entitlement challenges and issues facing both a city and property owner/applicant.

I have a Planning and Development degree from USC and I will complete my Master of Public Administration degree from California Baptist University in the spring of 2012.

"Please note that this document and information included therein becomes public information pursuant to the California Public Records Act and may be disclosed to the public upon request."

Signature: _____ Date: 12-13-10

Brian Pharris

E-mail Address: _____

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Parks and Recreation Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

I have called Costa Mesa my home for 28 years. I have a long history here, my grandfather was a principal at Rea Elementary and my parents graduated from Costa Mesa High School. I grew up participating in City sponsored activities including gymnastics, Camp Costa Mesa, youth basketball, swim lessons, track and field, cross country and the after-school program. I have played many seasons as an adult on a Friday night softball team. The City of Costa Mesa has given me plenty and actually shaped me into the person I am today.

Now I have children and they are participating in all of these activities and I feel it is my time to start giving back to the City.

I am uniquely qualified for this position having grown up in Costa Mesa and participating in so many activities. I have seen first-hand all of the improvements that the Parks and Recreation Committee have been a part of. I have also followed along as the City has hit a rough patch with our budget and will work hard to find ways to keep the City's parks and recreation services strong. I am self motivated and thrive in challenging environments.

RECD 29 '10 AM 10:1

(Over)

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

Twenty-eight years of city activities provides me with a perspective that few in this City have. I have been a part of Costa Mesa through times of abundance and times of scarcity.

Participation in City activities is half of my story. I have a degree in Landscape Architecture from Texas Tech University, I design, coordinate, and provide construction administration on projects with budgets ranging from $150,000 to $90 million. Project types range from building entries to collegiate level sports fields. I have real world experience in landscape installation and maintenance, both in the field and as management.

My passion for the City of Costa Mesa and its future has increased as I have aged and having children that are growing up in the community makes me very interested in how I can help shape our City. My combined education and work experience, along with my tenured residency in Costa Mesa, uniquely qualify me for this position.

Resume attached.

"Please note that this document and information included therein becomes public information pursuant to the California Public Records Act and may be disclosed to the public upon request."

Signature: R. Travis Rice Date: 11.22.2010

R. TRAVIS RICE

1ST Choice

City of Costa Mesa
Application for Commission/Committee Appointment

Name: Ethan Temianka

Street: _____

City: _____ Zip: _____

Phone (H): _____ _____ (W): _____

E-mail Address: _____ _____

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Parks & Recreation Commissioner

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

As an eight year resident of Costa Mesa and a recent homeowner who plans to live here for some time to come, I want to make sure the future of our great city is in good hands. I have lived in many of the various neighborhoods around the city including the Westside, Eastside, Mesa Verde & Halecrest. I know the issues in all areas of the city; not just the neighborhood I currently reside.

First and foremost, we must remember that our commitment to the residents of Costa Mesa is our main priority. Our fields and facilities will always be in high demand by groups from inside and outside our city, and it is up to the Parks & Recreation Commission to make sure the facilities are kept in top condition for our residents first.

Also, as a resident of the Halecrest neighborhood, I have seen how important trees are to maintaining property values. As a former resident of Mesa Verde, I directly saw how that neighborhood took pride in its tree-lined streets. Halecrest has gone the opposite direction over the years, and I would like to reverse that trend with 1,000 new trees throughout the city in my first year as a Parks & Recreation Commissioner.

I sincerely appreciate your consideration for this position.

Ethan Temianka

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

As a sports enthusiast, I have directly been a part of the many recreational facilities and programs in our city. I am currently enrolled in the Costa Mesa Adult Basketball league and have been for many years. I have also participated in the Adult Softball league and occasionally play volleyball down at the Downtown Recreation Center.

I understand the concerns and interests of the hundreds and hundreds of residents who also participate in these leagues, and I want to make sure our resources are being used in the most efficient way possible to maximize the enjoyment of our facilities and programs while keeping costs as low as possible for our residents.

As a small businessman, I realize the importance of getting the most out of every dollar - especially in this economy and with our city budget in the red. Our fields and facilities are a commodity that we absolutely must make sure are being utilized to the fullest. Outside organizations who want to use them must be held responsible for their maintenance and upkeep, and we must make sure no opportunities for future development are missed.

Parks and Recreation are the lifeblood of a city. Young families in particular are drawn to cities with premier facilities and programs for its residents, and we must make sure to not fall behind on the times due to our economic stress, but to be forward-thinking and improve on what we have; even in a tough economic climate. I have the business sense and personal involvement in these issues to get the job done.

Qualifications:
- Bachelor's Degree in Political Science; University of California, Irvine
- Certified Real Estate Agent in the State of California
- Small Business Owner
- Co-Founder, 'Save the Fair'
- Member, Halecrest/HOF Neighborhood Association

Thank you again for your consideration for this position.

Ethan Temianka

E-mail Address. _____

Indicate the name of the Commission/Committee/Board you are interested in serving on:

Parks and Recreation Commission

City of Costa Mesa
77 Fair Drive, Costa Mesa, CA 92626

1. Indicate why you wish to serve on this Commission/Committee/Board:

I've been a resident of Costa Mesa all my life (other than my college years). I've always been interested in helping the City improve through public service. I grew up right next to Fairview Park and enjoyed flying remote controlled planes and running in the area. Open space is important to me, it needs to be accessible and functional for public use and enjoyment. My wife and I use the parks weekly and both have a keen interest in maintaining and improving the existing parks. I understand that the current economy necessitates certain cutbacks, and I'd like to make sure that Costa Mesa's residents are able to get the most use out of their investment as possible. I'd like to help make sure that our City is still able to provide facilities and activities for our youth and seniors. I'm also interested in helping the City save money through water reduction and energy saving measures in the hopes these savings can be used to continue community programs.

2. Indicate any experience or qualifications you possess that might apply to the Commission/Committee/Board you are interested in serving on. A resume may also be attached to this form. This is strictly optional.

I work as a project manager for a company that coordinates local permitting for new and modified cell phone sites. Over the past 5 years I've worked with over 30 local jurisdictions, including many cities, and in the process I have learned a lot about how city government works. Through this experience I have gained a very good understanding of zoning and building processes and have worked with several different parks departments to help build new structures. I've attached a copy of my resume for reference. Thank you for your consideration.

Dan Vozenilek. JD

EDUCATION

Whittier Law School, Costa Mesa, CA
Juris Doctorate May 2005
Intellectual Property Certification Program

Charles University School of Law, Prague, Czech Republic
Comparative law program.

University of California, Los Angeles
Bachelor of Arts, Psychology, 2000

EXPERIENCE

Project Manager
Cortel, Los Angeles
Manager of a team of 10 on the Los Angeles Clearwire project. Managed all aspects of site acquisition and construction within Clearwire's market launch time frames. Ran all client and in-house deployment meetings, tracked and aligned all milestone dates to ensure accurate forecasting and actualization. Attended all planning hearings, worked with jurisdictions to create functional and aesthetic solutions to new and mod sites. Worked with contractors to ensure build schedules and jurisdictional approval of individual site builds. 2009 - Present

Site Acquisition Manager/Land Use Planner
Core Communications, Brea
Leasing and zoning for both Metro PCS and Verizon projects.

Cortel, Orange County
Worked with and managed a team to help launch Metro PCS's Southern California cell phone network, worked on T-Mobile's LA and Bay Area UMTS projects and T-Mobile's Las Vegas in-fill project. I reviewed and negotiated numerous contracts and represented both Metro PCS and T-Mobile at numerous public hearings. Some of the tasks performed include: site acquisition and lease negotiations, zoning research and application submittals, building permit expediting and work with architects and construction managers to refine and economize site builds, track and manage task. 2006-2009

Law Clerk
Quest Law Firm, Irvine, CA
Researched civil litigation involving contracts and intellectual property issues as well as employment litigation. April 2004- 2005

Document Review
Blackdot Wireless, Irvine, CA
Reviewed tower lease documentation for AT&T, Cingular and T-Mobile. Drafted new leases, negotiated new terms with landlords. 2005

Senior Certified Law Clerk
Orange County District Attorney's Office, Harbor Court.
Prepared and argued motions in court, processed discovery requests, and managed contacts with defense attorneys. Attended all proceedings. May 2003-March 2005

Broker Assistant
Wilshire Secured Capitol, Los Angeles, CA
Assisted broker in organizing transactions, completing real estate contracts, and working with attorneys to establish partnerships and limited liability companies. Managed a small construction team in order to complete renovations and remodels on several apartment complexes. 2002

Consultant
The Bulldog Group, Los Angeles, CA
Participated in the rollout of Bulldog 2.6 Digital Asset Management software to Sony Pictures Entertainment. Tested and customized Bulldog software for client specific applications. Drafted revised customer user manuals. Established client relationships with Sony Pictures Archives, Columbia Tri-Star International Television (CTIT), and The Game Show Network. Assisted in the making of a $2,400,000 project contract with CTIT. Attended status meetings, tracked system and client issues and analyzed project metrics in order to create efficient project plans. 2000-2002

Coach
UCLA Men's Novice Rowing Coach, Los Angeles, CA
Worked with rowers to build team confidence, technique, and power. Winning a silver medal at PAC-10's. 2001-2002

Consultant/Project Manager
Decision Support Consulting, Huntington Beach, CA
Assisted with PeopleSoft implementation. Attended meetings and documented the minutes. Helped to develop user friendly process records and manage client internal team progress. Processed reports. Documented business processes. 2000-2002

Research Analyst
UCLA Medical Center, Los Angeles, CA
Conducted Research on Hydrocephalus and Cerebellum Deficit in conjunction with Drs. Olmstead and Lazereff. Analyzed data and converted MRI images into volume measures. Utilized software to run statistical analysis against findings. Research article published in The California Pacific State Archives. 1999-2000

Aerospace Technician
Frontier Systems (now Boeing), Irvine, CA
Worked with engineers and clients to R&D parts needed for F-22 Raptor and helped design and build molds for the Hummingbird project (unmanned surveillance helicopter).

Instruction

Ski Instructor, Mammoth Mtn., Sailing Instructor, Balboa Island Yacht Club
