To Whom It May Concern:

This letter is written in support of the additional days for selling fireworks in the City of Costa Mesa. We are so thankful for this fundraising opportunity. In these difficult economic times and when educational budgets continue shrink, these monies really help us to offer a full athletic program for our students.

While our programs do many fundraisers during the course of the year, the firework stands are a way for our programs to make a substantial amount of money in short period of time. For many of our programs, this is the one fundraiser that allows them to fund their teams for the entire year. Without these stands our students and parents would have to spend many more hours fundraising and look at the possibility of eliminating levels of competition.

The additional days of selling fireworks are greatly needed for the reasons stated already. We want to thank the City of Costa Mesa and the City Council for their continued support of our schools and athletic programs. If you have any questions regarding Estancia High School's need for these stand and the additional hours requested, feel free to call me at any time.

Sincerely;

A handwritten signature in black ink, appearing to read 'Kirk Bauermeister', written over a horizontal line.
