I am a fortyfive-year-plus resident of the City of Costa Mesa. I have attended OCC, shop at the local businesses and routinely utilize many of the parks, schools, libraries and other community resources. I am very concerned about the future utilization of city land going forward. I am also concerned about the surrounding area projects that have impacts on the city.

I have wide ranging experience in many areas that enables me to have a very well rounded, objective view of issues. I am a UCI graduate after my two years at OCC. I sat on the OCERS board for seven years which gave me experience in board rules of order, institutional investing, budgeting, auditing, human resources, IT contract issues and more. My other experience includes Eagle scout, crime analysis/forensics, leadership/supervision, outdoor enthusiast, reading, gardening, computer/internet and I try to keep on local and national current events in politics. My talents included strategic thinking and the ability to quickly identify the core issue of a problem.

Please consider me for the Fairview Park committee or any other committee/commission. I would love to participate and would be a valuable asset.

Thanks for your consideration.

At Orange Coast College I chaired many events; however, one that really impacted my life was chairing Special Olympics, an event for kids with special needs. As chair I designated tasks, created schedules, provided support and learning opportunities to both my committee and the kids who came to compete. My goal was to construct a successful event where the volunteers came to understand different people's needs, to learn that everyone counts. To see the smiles from the 350 participants proved to me that the event was a success and made me realize that when one impacts someone's life positively, brings happiness and compassion—skills that are rare but essential in a leader. Seeing these physically challenged kids give their best inspired me to become more involved in student government—so I ran for Student Senator. I had success in student government at OCC. I was elected Senator and appointed as a District Student Council representative. In which I had the pleasure to work on legislation, resolutions, and represented more than 30,000 students. In the positions that I have held, it has tested my character and inspired in me the need to remain open to diversity and lead those around me. And the lessons of these experiences have strengthened my leadership skills due to the understanding of different cultures and human personalities. I also decided to give back to my community by becoming a tutor at Save Our Youth. All of these experiences—chairing the Special Olympics committee, the many student government experiences I had, and tutoring at Save Our Youth—have taught me that leadership is not about being dominant, but being able to walk beside those who struggle.

Now I am a college student at University of California, Irvine who is expanding his education, knowledge, and opportunities to succeed in life. I realize now that I am responsible for people around me and every choice I make can affect others. My daily walk through the city of Costa Mesa has been a reminder of being a successful community leader, focusing on servitude to the people, community, and to myself. If chosen, I will challenge myself to give the best of me and push to my limits in the Traffic Impact Fee Ad Hoc Committee.

I would like to be a member of the Traffic Impact Fee Ad Hoc Committee because upon reviewing several years of reports, I learned the impact fee has remained the same for the past ten years. I would like to assist the members of the Committee in determining whether the existing fee is still appropriate or if it should be adjusted.

Thank you for your consideration for appointment to the Traffic Impact Fee Ad Hoc Committee.

I have served as a member of the Traffic Impact Fee Ad Hoc Committee for approximately 20 years.

My experience working with the City's planning and transportation departments and processing various entitlements for our property in North Costa Mesa may provide insight to the committee.

I wish to continue to serve on this committee to bring the large landowner/developer perspective to the process of planning for the City's existing and future transportation needs.

Since the inception of this committee I have served as the small developer representative. I believe it has been in excess of a dozen years. We no longer meet very often but for the first two years we met nearly every month for the purposes of understanding the city's traffic needs, the costs and finding an equitable method and cost structure to fund those needs.

Should there be many candidates willing to take the time to represent the smaller builder community on this committee, I willing turn the opportunity over to others as to not monopolize that role. If there are not, consider me willing to continue in that role using my accumulated knowledge to further the committee's obligations.
