Exhibit "1"
Fee Schedule for FY 2014-2015

Section 6 - Proposed Fees

PLAN REVIEW

The traditional approach in proposing building plan check fees is to apply a percentage to the revenue collected by the agency for plan review fees. Using the City's schedule which is based on Table 1-A of the 2001 C.B.O. and the 2002 Valuation Data Chart to establish the plan check fee, SFA proposes to charge eighty percent () of the established plan check fees for the scope of work requested.

If SFA is reviewing duplicate or identical plans on a project, the proposed fee is ten percent (10%) of the plan review fee collected after the initial model is checked at the prescribed rate.

When doing Accelerated Plan Reviews, SFA will charge the applicants based on the same rate as with the standard service with the City. This avoids the perception of impropriety. A minimum fee for small projects is \$300.00.

SFA will not charge for rechecks unless the plans are incomplete or revised for which the City would collect additional fees from the applicant as well. The City would then have the funds to reimburse SFA. Additional services outside the main scope of review would be charged at a rate of \$100.00 per hour or as mutually agreed upon based on the salary rate of the employee.

HOURLY CONTRACT EMPLOYEE FEES FOR INSPECTION OR OTHER POSITIONS

SFA proposes to charge for inspectors as follows:

Option 1

Full-time employee with benefits billed through SFA's Agreement would be payroll times 1.81.

Option 2

Full-time employee with benefits billed directly from the staffing service payroll times 1.45.

For example, a \$25.00/hour employee would be charged at \$45.25 and \$36.25 for Options 1 and 2, respectively.

These rates are based on the Staffing Service not being required to find and select the employee and would be contingent upon the City finding and selecting the employee.

If the Staffing Service is requested to find the employees, rates of 1.94 and 1.55 would be charged, respectively.
