

JUSTIFICATION FOR SOLE SOURCE REQUEST

Date: 10-05-2016 Dept./Div.: Police / Support Services Phone: 714-754-5660Contact: Lt. Keith DavisDescription of Equip./Service Req.: Motorola Dispatch ConsoleRecommended Vendor: Motorola SolutionsAddress: 6450 Sequence Drive, San Diego, CA. 92121 Phone: 858-442-3979

1. Check reason for sole source request:

- Sole Source:** No other items are known to exist which perform the same function.
- Proprietary:** The item is held under exclusive title, trademark or copyright by a private person or company; a proprietary distributorship would also apply.
- Standardization:** The City requires the item(s) to standardize parts, design, quality, etc. (explain in more detail below)

2. Is the product or service available from other sources?

- Yes
- No

If YES, list name of vendors:

If NO, explain why the product/service is available from only one source:

Orange County agencies have long benefited from a unique capability to monitor and communicate on a countywide radio system. This capability requires a unique configuration of radio equipment that is not available in a typical off-the-shelf arrangement. The replacement dispatch consoles have been identified by the County of Orange and the specific model is manufactured by Motorola. In this case, Motorola Solutions is considered a sole source vendor, offering a singular-type product necessary to match existing equipment. Only Motorola manufactures the dispatch console specified by the County of Orange for use with the existing 800 MHz system and pending upgrade.

3. Can your requirements be modified so that competitive products or services may be used?

- Yes
- No Please explain:

The Police Department is submitting a sole source justification for this purchase request because the purchase of the dispatch console is part of an overall radio system project upgrade. There will be no other dispatch consoles that can be compatible/sync with the radio system we planned to purchase that is compatible with the County of Orange 800 MHz system upgrade. Therefore, Motorola is the most efficient and the only provider for this purchase.

4. How does the recommended vendor's prices or fees compare to the general market?

As Motorola is already the vendor selected for the overall radio system upgrade by the County of Orange, it would be most efficient and effective for the Police Department to purchase the Dispatch Consoles from the same vendor for compatibility, maintenance and warranty purposes.
