BACKGROUND

In 1997, the City Council adopted Ordinance No. 97-16, adding Chapter VI to Title 8 of the Municipal Code, adopting the County of Orange guidelines establishing regulations for tattoo establishments (a copy of which is attached to this report). There are three tattoo establishments currently in operation in the City, all of which were approved by conditional use permit: PA-97-19 (2075 Newport Boulevard) approved in April, 1997, PA-97-47 (788 West 19th Street) approved in November, 1997, and PA-00-27 (2981 Bristol Street, #B-4) approved in July, 2000. The Police Department has not received any complaints about the existing tattoo establishments.

ANALYSIS

The property is the existing three-story Harbor Plaza/Pain Center building at the southeast corner of Harbor Boulevard and Adams Avenue. The existing business (Somatic Body Piercing) occupies 1,100 square feet of floor area on the ground floor of the building, in Suite 103. The existing space consists of a small reception/waiting area, jewelry display cases, enclosed piercing and sterilization rooms, and two 6-foot by 8-foot cubicles where the tattooing is proposed to take place.

The proposed business is located within a retail center, which contains a variety of commercial uses. The building in which the use is located is approximately 230 feet away from the nearest residentially-zoned property to the east (across Peterson Place). As a result, staff does not anticipate any impacts to residential properties as a result of the proposed use.

The business operates between the hours of noon and 8 p.m., Monday through Saturday, and noon and 6 p.m. Sundays. For purposes of comparison, the tattoo business at 2075 Newport Boulevard is permitted to operate from 7 a.m. until 11 p.m., seven days a week, the tattoo business at 788 West 19th Street is permitted to operate from 10 a.m. until 10 p.m., seven days a week, and the tattoo business at 2981 Bristol Street is permitted to operate from 11 a.m. and 10 p.m., Monday through Friday, and 11 a.m. and 12 midnight, Saturdays and Sundays.

A solid, opaque, 4-foot high partition wall screens the cubicles where the tattooing will be conducted so that the tattooing is not visible to passersby. Also, staff is recommending as a condition of approval that the tattooing of "specified anatomical areas" as described in Title 13, Chapter IX, Article 1, (sexually oriented businesses) cannot be visible to the public. These conditions are consistent with the conditions of approval for the existing tattoo establishments.

ALTERNATIVES

If the application is not approved, the use cannot be established on the property. The current use, without tattooing, will be permitted to continue to operate.

CONCLUSION

The site is bounded on all sides by commercially zoned properties and is sufficiently separated from any residentially zoned properties. The operators of the tattoo business are required to comply with all applicable City and County regulations, as well as conditions of approval, to minimize impacts to surrounding properties and uses.

RESOLUTION NO. PC-04-

**A RESOLUTION OF THE PLANNING COMMISSION OF
THE CITY OF COSTA MESA APPROVING PLANNING
APPLICATION PA-04-01**

THE PLANNING COMMISSION OF THE CITY OF COSTA MESA HEREBY
RESOLVES AS FOLLOWS:

WHEREAS, an application was filed by Ericka Smiceaski, representing Tri-Harmony Properties, LLC, with respect to the real property located at 2790 Harbor Boulevard, #103, requesting approval of a conditional use permit to establish tattooing in conjunction with an existing 1,100 square foot jewelry store that provides body piercing (Somatic Body Piercing) in an existing 3-story multiple-tenant commercial building; and

WHEREAS, a duly noticed public hearing was held by the Planning Commission on March 8, 2004.

BE IT RESOLVED that, based on the evidence in the record and the findings contained in Exhibit "A", and subject to the conditions contained in Exhibit "B", the Planning Commission hereby **APPROVES** Planning Application PA-04-01 with respect to the property described above.

BE IT FURTHER RESOLVED that the Costa Mesa Planning Commission does hereby find and determine that adoption of this resolution is expressly predicated upon the activity as described in the staff report for PA-04-01 and upon applicant's compliance with each and all of the conditions contained in Exhibit "B". Should any material change occur in the operation, or should the applicant fail to comply with the conditions of approval, then this resolution, and any recommendation for approval herein contained, shall be deemed null and void.

PASSED AND ADOPTED this 8th day of March, 2004.

Chair, Costa Mesa
Planning Commission

EXHIBIT "A"**FINDINGS**

- A. The proposed project complies with Costa Mesa Municipal Code Section 13-29(e) because:
1. The proposed development and use is compatible and harmonious with uses on surrounding properties.
 2. Safety and compatibility of the design of the buildings, parking areas, landscaping, luminaries, and other site features including functional aspects of the site development such as automobile and pedestrian circulation have been considered.
 3. The project is consistent with the General Plan.
 4. The planning application is for a project-specific case and does not establish a precedent for future development.
- B. The information presented substantially complies with Costa Mesa Municipal Code section 13-29(g)(2) in that the proposed use is substantially compatible with developments in the same general area. Granting the conditional use permit will not be detrimental to the health, safety and general welfare of the public or other properties or improvements within the immediate vicinity. Specifically, the proposed use tattoo business is located within a commercial retail center, which contains a variety of commercial uses. The building in which the use is located is approximately 230 feet away from the nearest residentially-zoned property. As a result, there would be no impacts to residential properties. Additionally, the operators of the proposed tattoo business will be required to obtain Orange County Environmental Health Care Agency permits and approvals. Granting the conditional use permit will not allow a use, density or intensity which is not in accordance with the general plan designation for the property.
- C. The project has been reviewed for compliance with the California Environmental Quality Act (CEQA), the CEQA Guidelines, and the City environmental procedures, and has been found to be exempt from CEQA.
- D. The project is exempt from Chapter XII, Article 3, Transportation System Management, of Title 13 of the Costa Mesa Municipal Code.

EXHIBIT "B"**CONDITIONS OF APPROVAL**

- Plng.
1. The conditional use permit herein approved shall be valid until revoked, but shall expire upon discontinuance of the activity authorized hereby for a period of 180 days or more. The conditional use permit may be referred to the Planning Commission for modification or revocation at any time if the conditions of approval have not been complied with, if the use is being operated in violation of applicable laws or ordinances, or if, in the opinion of the development services director or his designee, any of the findings upon which the approval was based are no longer applicable.
 2. Street address shall be displayed on the freestanding sign or, if there is no freestanding sign, on the fascia or store front adjacent to the main entrance of the building, in a manner visible to the public street. Numerals shall be a minimum 12" in height with not less than 3/4" stroke and shall contrast sharply with the background. Identification of individual units shall be provided adjacent to the unit entrances. Letters or numerals shall be 4" in height with not less than 1/4" stroke and shall contrast sharply with the background.
 3. The business shall be conducted, at all times, in a manner that will allow the quiet enjoyment of the surrounding neighborhood. The applicant and/or business owner shall institute whatever security and operational measures are necessary to comply with this requirement.
 4. A solid, opaque wall or partition shall be provided inside the waiting area of the business so that tattooing is not visible to passersby.
 5. This business shall be conducted in such a manner so that it does not permit the observation by customers or the public of the tattooing of "specified anatomical areas" as described in Title 13, Chapter IX, Article 1, (sexually oriented businesses).
 6. A copy of the conditions of approval for the conditional use permit must be kept on premises and presented to any authorized City official upon request. New business/property owners shall be notified of conditions of approval upon transfer of business or ownership of land.
 7. Hours of operation for customer service shall be limited to the hours between noon and 8:00 p.m., Monday through Saturday, and noon and 6:00 p.m. Sundays.

In 1991 J.D. Lorenz established Industrial Strength Corporation. Through perseverance and a strict standard of quality, Industrial Strength has become one of the leading manufacturers of internationally recognized professional body jewelry. Industrial Strength manufactures a complete line of high quality body jewelry made from the finest stainless steel, titanium, glass, acrylic, and 18k solid gold. All jewelry is manufactured in house and each piece is hand assembled and inspected.

Somatic, founded in 1993 by Ericka Smicenski joined the Industrial Strength Corporation in 2002. Somatic's ten-year history proved to be a match with the goals and integrity of Industrial Strength both being respected businesses in the their industry and communities. Somatic's stores in Long Beach and Costa Mesa, now part of "ISC", maintain a family oriented environment while providing the highest standards of professional service.

The culture of tattooing and body piercing has been a strong part of history for centuries and has evolved into a focal point of society today. We offer an extensive line of products, which compliment every kind of body modification enthusiast. Our stores maintain a wide variety of products including our own manufactured line and a huge selection of organic jewelry, (wood, water buffalo horn, amber, jade, and bone).

Our staffs of artists are accomplished, with extensive training in his/her field each holding the highest regard for sterilization. Our stores are maintained in a clean, well-lit and attractive condition surpassing health code standards. At the stores we post, distribute and strictly adhere to the Association of Professional Piercers basic ten health and safety guidelines and the Piercee's Bill of Rights. Our desire is to help educate everyone in the operations and standards of a professional studio.

Industrial Strength Corporation/Somatic's long-term goals are to add five new retail stores in California beginning 2004. We are currently looking to reposition the Costa Mesa store to better serve our clients and the community.

Sec. 8-134. Administration.

The no smoking regulations established by this chapter shall be administered by city code enforcement officers as designated by the city manager. (Ord. No. 91-16, § 1, 6-17-91)

Sec. 8-135. Violations and penalties.

Violation of section 8-133 shall be deemed an infraction and shall be punishable in accordance with the provisions set out in section 1-33 of this Code. (Ord. No. 91-16, § 1, 6-17-91)

**CHAPTER VI. TATTOOING
ESTABLISHMENT AND OPERATION
REGULATIONS**

Sec. 8-136. Definitions.

As used in this chapter, unless the context otherwise requires, the following terms shall have the meaning ascribed to them respectively:

(a) *Health officer* shall mean that person or office designated by order of the city council of the City of Costa Mesa or by contract approved by said council as the person or office having responsibility for the enforcement of the provisions of this article.

(b) *Operator* shall mean any person, whether the proprietor or another person, administering a tattoo to any customer of a tattoo of a tattooing establishment.

(c) *Proprietor* shall mean the person having general control and management over the conduct of business at a tattooing establishment, whether or not such person is the legal owner of the premises or the business.

(d) *Tattoo* shall mean an indelible mark or figure fixed upon a body by insertion of pigment under the skin or by production of scars.

(e) *Tattooing establishment* shall mean the premises used for the business of marking or coloring the skin with tattoos, and all furnishings, equipment, instruments, dyes and inks, and other facilities maintained therein incidental to such use.

(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-137. Maintenance of premises.

(a) All tattooing establishments shall be equipped with running hot and cold water, with adequate toilet facilities and all such appliances, furnishings and materials as may be necessary to enable persons employed in and about such establishments to comply with the requirements of this chapter.

(b) The floors, furnishings and equipment of tattooing establishments shall be kept clean at all times during business hours. For purposes of this paragraph a floor shall not be considered clean if it has not been swept and mopped within the preceding twenty-four (24) hour period.

(c) All operating tables in tattooing establishments shall be constructed of metal with white enamel or porcelain finish, or stainless steel.

(d) Each tattooing establishment shall have adequate lighting and ventilation. For purposes of this paragraph lighting or ventilation shall be considered as inadequate if it fails to comply with a standard prescribed by the health officer.

(e) No tattooing establishment shall be used as a sleeping room or dormitory. (Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-138. Source of dyes and inks.

(a) Proprietors of tattooing establishments shall, on request of the health officer, submit in writing to the health officer the source of all dyes or inks retained for use in tattooing operations, and thereafter shall notify the health officer in writing of any dyes or inks obtained for use in tattooing operations from any source other than those previously submitted.

(b) No dyes or inks from any sources which have been disapproved by the health officer shall be retained available for use in tattooing operations. (Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-139. Maintenance of pigments, dyes and equipment.

(a) No pigments, dyes, or equipment shall be retained available for use in tattooing operations unless cleaned and sterilized as provided in this section. For purposes of this section, equipment shall include needles, needle tubes, towels, blade holders, wiping cloths, paper towels and napkins, charcoal, gauze bandages (unless purchased in individual sterile packages), and all similar items.

(b) All equipment shall be thoroughly cleaned before being sterilized. Instruments shall be cleaned with soap or detergent by use of a brush. The interior of needle barrels shall be brushed. After cleaning, equipment shall be thoroughly rinsed under running fresh tap water.

(c) All equipment shall be sterilized by autoclaving. Each piece of equipment shall be individually wrapped with paper in an approved method for autoclaving. Metal foil may not be used. Tattooing needles shall be threaded through the metal tube that attaches to the tattooing vibrator and shall be placed in a glass (or autoclavable plastic tube) with a cotton plug for autoclaving. Wiping tissues shall be sterilized in a single pack to be used for

one (1) tattoo and then be discarded. All packs shall be marked with temperature recording tape or labels.

(d) Dyes or inks shall be used from containers with a cap that completely covers the opening and is attached to the neck of the dye container, sterilized in an autoclave after first being filled with the dye. Dye shall be handled utilizing aseptic techniques and the dye containers filled with dye shall be autoclaved at least once a week or more often if necessary to keep the dye in a sterile condition. The dyes may be placed in teflon squeeze bottles that will withstand autoclaving.

(e) Steam sterilization of the above listed equipment shall be accomplished in an autoclave with at least fifteen (15) pounds pressure per square inch (251° F) for at least thirty (30) minutes. Other means of sterilization may be approved by the health officer.

(f) All sterilized dyes, pigments and equipment shall be stored in a manner which will ensure sterility at the time of use.

(g) Proprietors shall maintain sufficient sterilized equipment available at the beginning of each workday to allow completion of such workday without requiring re-sterilization of such equipment.
(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-140. Maintenance of stencils.

No stencil, whether new or used, shall be retained in a manner available for use in any tattooing operation unless it has been pre-cleaned and disinfected in the following manner:

- (a) Each stencil must be pre-cleaned by being scrubbed with soap and brush to the extent necessary to remove all accumulations of carbon and Vaseline in the etched grooves of the stencil.
- (b) Each stencil, after being pre-cleaned and dried, must be disinfected by being soaked, design-cut side down, in a closed container of seventy (70) per cent alcohol for not less than thirty (30) minutes at room temperature.
- (c) Each stencil, after being disinfected, shall be air dried for not less than thirty (30) minutes by being suspended in a manner exposing both sides to the air and, thereafter, shall be stored for next use in a clean envelope.

(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-141. Tattooing operations—Skin condition of customer.

No tattooing operation shall be performed on skin surface areas containing any rash, pimples, boils, or infection or otherwise manifesting any evidence of unhealthy conditions.
(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-142. Same—Potential health risks.

The establishment owner shall provide written information as required by the health officer about blood-borne diseases and their transmission to all tattoo operators and maintain records to verify operator receipt of this information. The tattoo operator shall inform the customer of any potential health risks involved whenever the skin is violated as required by the health officer.
(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-143. Same—Health conditions of operator.

No tattooing operations shall be performed unless the operator is free of communicable diseases and pustular skin lesions.
(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-144. Same—Smoking.

No operator shall smoke while performing a tattooing operation.
(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-145. Same—Apparel of operator.

The operator must wear a clean, light-colored, short sleeved smock while performing the tattooing operation.
(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-146. Same—Cleanliness of operator.

(a) No operator shall perform a tattooing operation with unclean hands. For purpose of this paragraph, hands shall not be considered clean unless they have been thoroughly washed with soap from a single service dispenser and warm water vigorously rubbing all surfaces of lathered hands for at least ten (10) seconds, followed by thorough rinsing under a stream of water. Hands shall be dried using single service towels from a dispenser or hot air blower. If a liquid soap is used, the dispenser shall be cleaned and filled with fresh soap when empty.

(b) Tattoo operators shall wear protective gloves while handling needles or blades, or doing any procedure that may cause bleeding. Gloves shall be discarded between each customer.
(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-147. Same—Shaving.

No tattooing operation involving shaving shall be performed unless the skin is washed with soap prior to the shaving and unless the blade used in shaving is previously unused and unless the blade holder has been autoclaved since its previous use.
(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-148. Same—Skin preparation.

No tattooing operation shall be performed unless the skin is adequately prepared prior to the

operation. For purposes of this paragraph, skin shall be considered properly prepared if it is thoroughly washed with soap following shaving and, thereafter, scrubbed gently three (3) times with seventy (70) per cent isopropyl alcohol, using a separate sterile gauze pad each such time, and no alternate method of skin preparation shall be considered adequate unless approved in writing by the health officer.

(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-149. Same—Use of stencils.

No tattooing operation involving the use of stencils shall be performed unless all of the following requirements have been complied with:

- (a) Each stencil must be pre-cleaned pursuant to section 8-140.
- (b) Each stencil having been pre-cleaned must be wiped with sterile gauze soaked in seventy (70) per cent alcohol and air dried immediately prior to its use in the tattooing operation.
- (c) Petroleum jelly used for stencils must be obtained from a collapsible tube which has not previously been used in any tattooing operation and must be applied to the skin with a sterile gauze which has not previously been used.

(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-150. Same—Use of approved dyes.

No tattooing operation shall be performed using dyes or inks of a type that has been disapproved for use by the health officer pursuant to section 8-138.

(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-151. Same—Use of sterile dyes.

No tattooing operation shall be performed unless the following requirements have been complied with:

- (a) The dye or ink used for the tattoo must be obtained from pre-sterilized dye or ink bottles and, prior to the tattooing operation, aseptically transferred from such bottles into sterile paper cups which have not previously been used in any tattooing operation. No refilling of the dye cup is permitted.
- (b) No dye or ink shall be used in which needles used on another person have been dipped.

(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-152. Same—Use of sterile equipment.

No tattooing operation shall be performed using equipment that has not been cleaned and sterilized in the manner set forth in sections 8-139 and 8-140.

(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-153. Same—Discarding of certain equipment.

Operators shall discard the following items immediately after use in any tattooing operation:

- (a) Blades used in shaving.
- (b) Tubes and gauze used in application of petroleum jelly used for stencils.
- (c) Paper cups used for dye or ink.

(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-154. Inspections, health services fee schedule.

The county health officer shall periodically make inspections of tattooing establishments located in the City of Costa Mesa to determine if the proprietor or operator of such establishments are complying with the provisions of this chapter. The county shall, by annual board resolution, adopt health service fees to be paid by the proprietor or operator of the tattoo establishment. Such fees to be paid directly to the county health officer and retained by the county as reimbursement for said services related to this article.

(Ord. No. 97-16, § 1, 6-2-97)

Sec. 8-155. Penalties.

Each of the following acts or omissions shall constitute a misdemeanor and upon conviction shall constitute a misdemeanor and upon conviction thereof shall be punishable by a fine not to exceed one thousand dollars (\$1,000.00):

- (a) Any performance of a tattooing operation by an operator in violation of any requirement or prohibition imposed by this chapter.
- (b) Any failure by a proprietor to maintain a tattooing establishment in conformity with the requirements of this chapter. For purposes of this subparagraph (b), each day upon which such a failure to conform occurs shall constitute a separate violation.
