Willia / Mel-

This email is being sent to officially ask for the above-referenced project to be continued to the May hearing date. I think it's prudent to do some additional studies and meet with concerned neighbors in an effort to bring a project to the table that may be supported by the community.

Please let me know if you need anything else to support this request. (I would have put this on letterhead, but my internet is being repaired tomorrow morning)

Regards-

Anna
