Dear Ms. Shih,

Referencing our telephone conversation today, we would like you to take the referenced application off the Planning Commissions agenda, to be reset at a later date, rather than continued to a new date certain. We are still in the process of reviewing certain records that were just located, after which we will need to discuss the matter further with our consultants and then, hopefully, meet with the City's Transportation Department. Thank you very much for the courtesy and we hope to let you know our status in the following weeks.
