

**NOMINATION FORM
COSTA MESA PLANNING COMMISSION
DESIGN AWARD PROGRAM**

NOMINATED PROJECT:

The newly constructed District Yard for the Costa Mesa Sanitary District.

PROJECT ADDRESS:

174 W. Wilson Street, Costa Mesa

DEVELOPER/OWNER NAME:

Costa Mesa Sanitary District

REASONS FOR NOMINATION:

The District Yard was designed and constructed with the very latest advanced energy efficient mechanical systems to complement the extensive use of sustainable materials, natural light, air, and the sun's rays, and the improvements will receive either LEED platinum or gold accreditation from the United States Green Building Council. The building will be the first municipal platinum or gold building constructed in the City of Costa Mesa.

The following is a list of energy-efficient features of the building:

- Roof top solar panels
- Solar water heater
- Ventilated skylights
- Cool roof
- Dual glazed windows
- High efficiency water fixtures
- Heat island effect
- Natural day lighting
- Natural ventilation
- Drought tolerant site landscaping
- Use of sustainable materials throughout
- Motion sensor lighting controls
- On-site recycle bins
