GROUP HOME ORDINANCE UPDATE

BACKGROUND

The City Council adopted Ordinance No. 14-13 (R1-Group Home Ordinance), on October 21, 2014. The Ordinance provides the regulatory framework to limit the number of people in a group home and to prevent the overconcentration of sober living homes in single-family residential neighborhoods. The regulation establishes a Special Permit Application for group homes operating in single-family neighborhoods, and establishes reasonable operating standards on these uses to ensure that they do not generate the type of secondary impact that would be out of character for the neighborhood, while still furthering the purpose of the FEHA, the FHAA and the Lanterman Act. A 650 foot separation between sober living homes was included to help achieve these goals.

At the request of the Planning Commission, this report was prepared to provide an update on the implementation and enforcement of the Ordinance; and to provide the status and time line for a pending Multi-Family Group Home Ordinance.

IMPLEMENTATION AND ENFORCEMENT

The Group Home Ordinance was designed to be implemented gradually over a period of time, from one to two years. This strategy was intended to avoid any sudden displacement or disruption to the housing available to the handicapped.

Application Period

The first milestone in implementation of the Ordinance was a 90-day window to apply for a Special Use Permit. All group homes that are not either State Licensed facilities or Single Housekeeping Units were required to complete the Special Use Permit application

by April 8, 2015.[1] Although applications were slow to come in at first we have now received 44 Special Use Applications; their status is provided in the table below:

Application Status	Number of Applications
Tentatively Approved	5
Determined To Be Incomplete	8
Failed Property Certification (650 foot separation)	4
Withdrawn	6
Under Review	21
Total Application Received	44

The City has also received Reasonable Accommodation (RA) requests along with 9 of the 44 applications. Those requests have been responded to separately with requests for additional information. If the information is provided the RA requests will be reconsidered on their merits. If no information is provided the RA will be considered denied.

Permit Tracking

City staff has created a group home tracking system, comprised of a linked group home database and a GIS map that tracks the license status for each of the known group homes in the City. The map assists staff to accurately determine any applicable separation requirements for sober living homes in the R-1 Zone. The current map and database are provided as Attachments 1 and 2.

Summary information on the number of group homes and the number of group home beds citywide for 2014 and 2015 is provided in the table below.

Group Homes by Type	May 2014		May 2015	
	# of Properties	# of Beds	# of Properties	# of Beds
State Licensed Facilities	37	365	38	369
City Permitted GHs / Pending Applications	n/a	n/a	38	228
Un-licensed Sober Living Service Providers	79	650	57	509
Homes in Violation of Ord. 14-13	n/a	n/a	24	156
Non-Residential Facilities	19	76	38	76
Other State Licensed Facilities (CA DSS)	0	0	117	90
Total	**135**	**1091**	**312**	**1428**
May 2015 Sober Living Homes Only			195	1338
Change from May 2014			44.4%	22.6%

It's important not to read too much into the increase in the number of group homes from 2014 to 2015. The increase is due to a number of factors including the addition in 2015 of "Other state licensed facilities," which added 117 existing, but never counted, group homes. Also, the application requirement of Ordinance 14-13 revealed about a dozen

[1] Ordinance No. 14-13 became effective on November 20, 2014. However, the permit application packets did not become available until January 8, 2015. Thus, the compliance schedule outlined in the Ordinance was not triggered until that date. This was a policy decision made to ensure fairness to group homes applying for permits.

existing sober living home that had not been previously identified. Finally, the 2015 database reflects a more accurate count of non-residential facilities, most of which existed in the city previously but were not reflected in the 2014 statistics.

Enforcement Efforts

The Community Improvement Division combines proactive code enforcement and interdepartmental coordination to address issues with potential communitywide impacts, such as motel operations, small independently operated apartment blocks and group homes. Like other programs in the City, such as the motels inspections etc., consistency is best achieved by assigning all group home enforcement issues to one code enforcement officer. Code enforcement for group home related issues continues to be done by Code Enforcement Officer Mike Tucker. In the first five months of 2015, the CID has investigated 50 complaints and managed 168 contacts from the public, outside agencies and group home operators/staff. Officer Tucker has completed 72 inspections and sight visits; and issued 28 notices of violation (NOV) to the property owners and operators of group homes. The largest effort, completed just last week included issuing NOV's to all the group home operators in the R1 zone that failed to submit a group home application.

FY 2015-16 STAFFING LEVELS

The proposed budget for FY 2015-16 calls for increased staffing for the CID, including a second code enforcement officer for group homes. Also, included are funds for a part-time contract planner to process group home permit applications in the R1 zone and in the multi-family zones if the city council adopts a group home ordinance for those areas of the city, later this year. In an effort to increase proactive code enforcement efforts in other targeted areas two additional officers are budgeted in FY 2015-16; one would be assigned to CID and focus on apartment stabilization efforts and the other would work with the Police Department to further their efforts to address the homeless population in the City.

Status of the Multi-Family Residential Group Home Ordinance

The first administrative review draft of the ordinance to regulate group homes in all but the R1 residential zones has been completed and was circulated to an ad hoc group of planning commissioners. Comments received have been incorporated into the document and the revised draft will be shared with individual city council members for their review and comment. A public review draft will then be prepared that will come to the full Planning Commission for review and public comment. The final draft ordinance and planning commission recommendation will then go to city council for a first reading and adoption followed by a second reading. Depending on the extent of comments received from individual city council members the public review draft could be before the planning commission in 2 to 3 months.

Frequently Asked Questions

It was suggested at the previous Planning Commission meeting that the public would benefit from a Frequently Asked Questions (FAQ) document regarding the group home ordinance. Work on that FAQ document has begun and should be completed in the next month. The final FAQ will be posted to the City's website upon completion.

RECOMMENDATION

Staff recommends that the Planning Commission take the following action:

1. Receive and File Staff's Report

JERRY GUARRACINO, AICP

SUMMARY

	# of Properties	# of Beds
State Licensed Facilities =	38	369
City Permitted Group Homes / Pending Applications =	38	228
Un-licensed Sober Living Service Providers =	57	509
Homes in Violation =	24	156
Non-Residential Facilities =	38	76
Other State Licensed Facilities	117	90
Total =	312	1428

SUMMARY - May 2014

	# of Properties	# of Beds
State Licensed Facilities =	37	365
City Permitted Group Homes / Pending Applications =	0	0
Un-licensed Sober Living Service Providers =	79	650
Homes in Violation =	0	0
Non-Residential Facilities =	19	76
Other State Licensed Facilities	0	0
Total =	135	1091

SUMMARY - May 2015

	# of Properties	# of Beds
CA DHCS Licensed Facilities =	38	369
* City Permitted Group Homes / Pending Applications =	38	228
Un-licensed Sober Living Service Providers =	57	509
* Homes in Violation =	24	156
Non-Residential Facilities =	38	76
** CA DSS Licensed Facilities	117	90
Total =	312	1428
May 2015 Sober Living Homes only =	**195**	**1338**
Change from May 2014 =	**+ 44.4%**	**+ 22.6%**

* In May of 2014 we did not have the City Permitted or the Homes in Violation categories. The homes that are currently in these categories where in the Un-licensed Sober Living classification in the May 2014 roster.

** Other State Licensed Facilities were not tracked in May 2014

If we took out the CA DSS Licensed Facilities from the May 2015 roster, which were not included in the May 2014 roster, we would have a total of 195 Properties and 1248 beds at the close out of May 2015. ***This is would be a total increase iof 90 properties and 247 beds from May of 2014 to May 2015***.
