Dear Friends;

I'm glad we share the same goal and it is to move Costa Mesa towards a brighter future. It is time for solutions and we must change the tide so that the city offers a higher quality of life for all of its residents.

Costa Mesa is a city of possibility with all the talent that is already in place then we can attract economic interest for job creation. My campaign is to focus on the positive aspects of the city and promote that culture; and to set a clear path forward, powered by our imagination and creativity.

I have a vision, not for a divided city, but a united city that is healthier, stronger and safer. Please join me as we embark on a shared voyage of possibility.

I would be honored to have your vote on November 4th.
