1 Subpart M applies to all dwelling units occupied or to be occupied by families or households that have one or more children of less than 6 years of age, as well as the common areas servicing such dwelling units, and exterior painted surfaces associated with such dwelling units or common areas. 6. LBP Informational Summary. For purposes of information only and in no respect intended to be a representation or warranty of the provisions of the LBP REGS, the CITY has caused to be prepared an information summary relating to the LBP REGS and application to dwelling units that may be occupied by recipients of services and/or funding from SUBRECIPIENT under this Agreement. Attachment No. 5 to this Agreement, attached and hereby fully incorporated by this reference, is such information summary. The SUBRECIPIENT shall report quarterly all program income (as defined at 24 CFR 570.500(a)) generated by activities carried out with CDBG funds made available under this contract. The use of program income by the SUBRECIPIENT shall comply with the requirements set forth at 24 CFR 570.504. By way of further limitations, the SUBRECIPIENT may use such income during the contract period for activities permitted under this contract and shall reduce requests for additional funds by the amount of any such program income balances on hand. All unexpended program income shall be returned to the CITY at the end of the contract period as required by 24 CFR 570.503(b)(7). (d) **Overcoming Effects of Prior Discrimination.** In administering a program or activity funded in whole or in part with CDBG FUNDS regarding which the SUBRECIPIENT has previously discriminated against persons on the grounds of race, color, national origin or sex, the SUBRECIPIENT must take affirmative action to overcome the effects of prior discrimination, as and pursuant to applicable requirements of the CDBG Regs. and other applicable federal laws and regulations.

(i) Even in the absence of such prior discrimination a SUBRECIPIENT in administering a program or activity funded in whole or in part with CDBG FUNDS should take affirmative action to overcome the effects of conditions which would otherwise result in limiting participation by persons of a particular race, color, national origin or sex. Where previous discriminatory practice or usage tends, on the grounds of race, color, national origin, or sex, to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program or activity to which CDBG funding applies, the SUBRECIPIENT has an obligation to take reasonable action to remove or overcome the consequences of the prior discriminatory practice or usage, and to accomplish the purpose of the Civil Rights Act of 1964.

(ii) A SUBRECIPIENT shall not be prohibited by this part from taking any eligible action to ameliorate an imbalance in services or facilities provided to any geographic area or specific group of persons within its jurisdiction where the purpose of such action is to overcome prior discriminatory practice or usage.

(e) **Exceptions.** Notwithstanding the foregoing non-discrimination provisions, nothing contained therein shall be construed to prohibit any SUBRECIPIENT from maintaining or constructing separate living facilities or rest room facilities for the different sexes. Furthermore, selectivity on the basis of sex is not prohibited when institutional or custodial services can properly be performed only by a member of the same sex as the recipients of the services.

(f) **Non-Discrimination in Employment.**

(i) SUBRECIPIENT shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, age or handicap. SUBRECIPIENT shall take affirmative action to insure that applicants are employed, and that employees are treated

during employment, without regard to their race, color, religion, sex, national origin, age or handicap. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rate of pay or other forms of compensation and selection for training including apprenticeship. SUBRECIPIENT agrees to post in conspicuous places available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

(ii) SUBRECIPIENT shall, in all solicitations or advertisements for employees placed by or on behalf of SUBRECIPIENT, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, age or handicap.

(iii) SUBRECIPIENT shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by CITY'S contracting officers advising the labor union or workers' representative of SUBRECIPIENT commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notices in conspicuous places available to employees and applicants for employment.

(iv) SUBRECIPIENT shall comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(v) SUBRECIPIENT shall furnish to the CITY all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the related rules, regulations, and orders.

(vi) In the event of SUBRECIPIENT'S failure to comply with any rules, regulations, or orders required to be complied with pursuant to this Agreement, CITY may cancel, terminate, or suspend in whole or in part its performance and SUBRECIPIENT may be declared ineligible for further government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(vii) SUBRECIPIENT shall include the provisions of Sections A.18.(f)., "Non-Discrimination in Employment", Paragraphs (i) through (vi) in every subcontract or purchase order unless exempted by rules, regulations, or order of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor.

1 SUBRECIPIENT shall take such action with respect to any subcontract or purchase order as the CITY may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event SUBRECIPIENT becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the CITY, SUBRECIPIENT may request the United States to enter into such litigation to protect the interests of the United States.

(viii) SUBRECIPIENT shall not discriminate on the basis of age in violation of any provision of the Age Discrimination Act of 1975 (42 USC §6101 et seq.) or with respect to any otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973 (29 USC §794) and the Americans With Disabilities Act of 1990 (42 USC §12101 et seq.).

(ix) SUBRECIPIENT shall also provide ready access to and use of all CDBG fund assisted buildings to physically handicapped persons in compliance with the standards established in the Architectural Barriers Act of 1968 (42 USC §4151 et seq.) and the Americans With Disabilities Act of 1990 (42 USC §12101 et seq.).

19. Ineligibility of SUBRECIPIENT or Contractors. SUBRECIPIENT shall not use CDBG FUNDS directly or indirectly in its operations or to employ, award contracts to, or otherwise engage the services of, or fund any contractor during any period of debarment, suspension, or placement in ineligibility status of the SUBRECIPIENT or such contractor under the provisions of the CDBG REGS.

20. Conflict of Interest in Procurement. In the procurement of supplies, equipment, construction, and services by SUBRECIPIENT, the conflict of interest provisions in 24 CFR 84.42 and 24 CFR 570.611 shall apply.

21. Condition for Religious Organization. SUBRECIPIENT shall comply with all applicable conditions prescribed by HUD for the use of CDBG FUNDS by religious organizations if SUBRECIPIENT is a religious organization.

22. Termination of Agreement.

(a) **Termination Without Cause.** This Agreement may be terminated in whole or in part at any time by either party giving the other party thirty (30) days' written notice in writing. The reasons and basis for termination shall be set forth in the written notice in compliance with the provisions of the CDBG REGS, in particular 24 CFR 85.44.

(i) In the event the CITY terminates this Agreement, the CITY's City Manager is hereby empowered to give the written notice subject to subsequent ratification by the City Council of the CITY at the next regular meeting of such body at which a quorum duly authorized to act is present, or at a special meeting duly called and held.

(b) **Termination for Cause.**

(i) The CITY may immediately terminate this Agreement upon the termination, suspension, discontinuation, or substantial reduction in HUD CDBG funding for this Agreement's activity.

(ii) The CITY may terminate this Agreement if the SUBRECIPIENT fails to comply with the terms of this Agreement. Non-compliance with the terms of this Agreement includes, without limitation, non-performance, slow performance, or substandard performance such as the failure to provide substantially all the services described in Attachment 1 of this Agreement or the failure to substantially meet or fulfill the accomplishment goals set forth in Attachment 1 of this Agreement

1 Should the CITY decide to terminate this Agreement after a full evaluation of all circumstances has been completed, the SUBRECIPIENT shall, upon written request, have the right to an appeal process. A copy of the appeal process will be attached to any termination notice.

(iii) Either party may terminate this Agreement if for any reason the timely completion of the work/services to be provided under this Agreement is rendered improbable, infeasible, or impossible.

(iv) Either party may terminate this Agreement for non-performance by the other party of any material provision of this Agreement.

(c) **Repayment of Funds by SUBRECIPIENT.** In the event this Agreement is terminated, as provided in this section, SUBRECIPIENT agrees to and shall immediately return to CITY any and all unexpended and unencumbered CDBG FUNDS. Further, SUBRECIPIENT shall comply with the provisions of the section of this Agreement relating to Reversion of Assets.

(d) **Additional Payment after Notice of Termination at Discretion of CITY.**

(i) In the event of early termination of the Agreement by either party without cause, at the sole discretion and election of the CITY, the SUBRECIPIENT will be compensated for all services rendered and necessarily incurred costs performed in good faith in accordance with the terms of this Agreement that have been previously eligible for reimbursement and paid, to the date of the notice of termination to the extent that CDBG funds are available from HUD.

(ii) In the event of early termination of the Agreement by the CITY for cause (but not due to the non-performance or breach by SUBRECIPIENT), at the sole discretion and election of the CITY, the SUBRECIPIENT will be compensated for all services rendered and necessarily incurred costs performed in good faith in accordance with the terms of this Agreement that have been previously eligible for reimbursement and paid, to the date of the notice of termination to the extent that CDBG funds are available from HUD.

23. Defaults; Remedies. If either party materially fails to comply with any term of this Agreement said non-compliance shall be considered a breach or default hereunder and a basis for termination for cause as hereinbefore provided.

(a) **Enforcement by CITY Due to Default by SUBRECIPIENT.** In the event of default by SUBRECIPIENT hereunder, the CITY may take one or more of the actions provided under the CDBG REGS, including 24 CFR Part 85.43 and 24 CFR 85.44 relating to "Enforcement" or the CITY may avail itself of any other remedies available at law or equity for breach of this Agreement.

(i) The remedies available to the CITY under 24 CFR Part 85.43 and 24 CFR 85.44 include, without limitation, temporarily withholding cash, disallowing non-compliant costs, wholly or partly terminating the award, and withholding future awards.

(b) **Recapture.** The SUBRECIPIENT shall have the affirmative obligation to repay, and the CITY shall have the affirmative right (but not the obligation) to recapture from SUBRECIPIENT all (or any portion of) CDBG FUNDS disbursed to SUBRECIPIENT hereunder in the event of SUBRECIPIENT's default hereunder or in the event SUBRECIPIENT refuses to accept or fails to comply with any conditions which may subsequently be imposed by HUD for the operation of the CDBG Program.

24. Reversion of Assets.

(a) **Unencumbered or Unexpended Funds.** Upon the termination or expiration of the term of this Agreement, CONTRACTOR shall transfer to CITY any unexpended and unencumbered

CDBG FUNDS on hand at the time of such termination or expiration and any accounts receivable attributable to the use of subject funds.

(b) Real or Personal Property Assets. Any real property or moveable or immovable personal property under SUBRECIPIENT's control or ownership that was acquired or improved in whole or in part with CDBG FUNDS disbursed under this Agreement, the original cost of which exceeded five thousand dollars (\$5000.00) shall either be, at the election of ADMINISTRATOR: (1) used by SUBRECIPIENT for the eligible program services meeting the purposes of the CDBG Program for a period of five (5) years after termination or expiration of this Agreement; or (2) disposed of and proceeds paid to CITY in a manner that results in CITY being reimbursed in the amount of the current fair market value (assuming depreciation in accordance with customary business practices) of the real or personal property less any portion of the current value attributable to SUBRECIPIENT's out of pocket expenditures using non-CDBG Program funds for acquisition of, or improvement to, such real or personal property and less any direct and reasonable costs of disposition, including a reasonable and customary broker's fee incurred in listing and completion of sale of such asset.

(i) In furtherance of the foregoing, if CITY selects continued use of the capital asset, then SUBRECIPIENT hereby agrees that it shall be subject to an ongoing operating and use covenant relating to the subject real or personal property. The foregoing covenant shall survive the termination or expiration of this Agreement and shall be actionable at law or in equity by CITY against SUBRECIPIENT and its successors in interest.

(ii) In the event CITY selects disposition of the subject real or personal property, then SUBRECIPIENT shall exercise due diligence to dispose of such property in conformity with applicable laws and regulations and in accordance with customary business practices. The net proceeds of such disposition shall be disbursed directly to and be payable to CITY upon the close of the applicable disposition transaction, such as close of escrow for the sale of real property, transfer of a motor vehicle "pink slip" in accordance with applicable California Vehicle Code requirements, or completion of sale of personal property by bill of sale in accordance with UCC requirements.

25. Independent Contractor. SUBRECIPIENT agrees that the performance of obligations hereunder is rendered in its capacity as an independent contractor and that it is in no way an employee or agent of the CITY.

(a) Monitoring. CITY and the United States Government and/or their representatives shall also schedule on-site monitoring at their discretion. Monitoring activities may also include, but are not limited to, questioning employees and participants in said program and entering any premises or any site in which any of the services or activities funded hereunder are conducted or in which any of

the records of SUBRECIPIENT are kept. Nothing herein shall be construed to require access to any privileged or confidential information as set forth in federal or state law.

(b) **Failure to Provide Records.** In the event SUBRECIPIENT does not make the above-referenced records available within the City of Costa Mesa, California, SUBRECIPIENT agrees to pay all necessary and reasonable expenses incurred by CITY in conducting any audit at the location where said records and books of account are maintained.

28. Assignability. SUBRECIPIENT shall not assign or transfer any interest in this Agreement, whether by assignment, delegation or novation, without the prior written consent of CITY, in the sole discretion of the CITY; provided, however, that claims for money due or to become due to SUBRECIPIENT from CITY under this Agreement may be assigned to a bank, trust company or other financial institution, or to a trustee in bankruptcy, without such approval. Any assignment delegation or novation other than as provided above shall be void and inoperative. Written notice of any request for an assignment or transfer shall be promptly furnished to CITY and the CITY shall exercise reasonable diligence in reviewing and approving or disapproving such request.

29. Prohibition of Expending CDBG FUNDS to Obtain other Funding. SUBRECIPIENT shall in no event expend CDBG FUNDS granted hereunder to fund another service provider, to pay a contractor for services outside the scope of this Agreement, to apply for other public agencies' program funds, or to supplant another funding source, unless expressly approved by the CITY.

30. Indemnification. SUBRECIPIENT shall indemnify, defend, save harmless, and pay CITY, its officers, employees, and agents, from and against any and all damages to property or injuries to or death of any person or persons, including property of officers, employees, or agents of CITY, resulting from, related in any manner to, or arising out of the intentional or malicious acts, inaction, errors, or omissions, or negligent acts, inaction, errors or omissions of SUBRECIPIENT, its officers, employees, agents, and/or subcontractors.

SUBRECIPIENT shall indemnify, defend, save harmless, and pay CITY, its officers, employees, and agents, from and against any and all claims, demands, suits, actions or proceedings of any kind or nature relating to workers' compensation claims, resulting from, related in any manner to, or arising out of the intentional or malicious acts, inaction, errors, or omissions, or negligent acts, inaction, errors or omissions of SUBRECIPIENT, its officers, employees, agents, and/or subcontractors

Payment shall be made to SUBRECIPIENT through the submission of quarterly invoices, in a form prescribed by CITY, detailing such expenses; provided that SUBRECIPIENT is in full compliance with this Agreement, and in particular in compliance with Title X and the LBP Regs. Invoices must include documentation of expenses by receipts, time records, invoices, canceled checks, or other appropriate documentation which fully and completely discloses the amount (s) and nature(s) of the expenditure. Such non-compliance with this Agreement includes, without limitation, non-performance, slow performance, or substandard performance such as the failure to provide substantially all the services

described in Attachment 1 ("Scope of Work") of this Agreement or the failure to substantially meet or fulfill the goals set forth in Attachment 1 of this Agreement.

(a) Should the CITY decide to terminate this Agreement after a full evaluation of all circumstances has been completed, the SUBRECIPIENT shall be given notice of the termination and the SUBRECIPIENT shall, upon written request, have the right to an appeal process.

(b) A copy of the appeal process will be attached to the notice of termination.

(c) If the CITY finds that the SUBRECIPIENT has violated a term or condition of this Agreement, the SUBRECIPIENT may, at the City's sole discretion, be required to:

In the event this Agreement is terminated, as provided in this section, SUBRECIPIENT agrees to and shall immediately return to CITY any and all funds not used and to comply with the provisions of the Reversion of Assets section of this Agreement.

Attachment 1 - Scope of Work
CITY OF COSTA MESA
Community Development Block Grant

Subrecipient acknowledges and incorporates into this Scope of Work that Community Development Block Grant funds awarded pursuant to this agreement will be primarily limited on homeless individuals that meet the City of Costa Mesa's definition:

Costa Mesa Homeless Resident

Residency in Costa Mesa must have been within the last 24 months and for no less than 90 days

Examples of acceptable documentation to confirm recent residency includes:

- Copy of a previous lease
- Confirmation of previous utility service
- Written confirmation of residency from a previous landlord, or proof of residency in transitional living facility
- School records confirming previous residency

Proof of strong ties to the community:

- Current residency of an immediate family member – mother, father, sibling or grandparent
- Proof that the individual and/or their dependent(s) attended K-12 school
- Knowledge—either first hand or recorded—by the Costa Mesa Police Department and/or the Costa Mesa Code Enforcement Department that the individual has been living on Costa Mesa's streets for 18 months.

Residency in a motel or recovery home does not qualify.

The offering of services and housing as an alternative to homelessness followed by the refusal by the individual places categorizes that person as "intentionally homeless"¹.

Special Circumstances

- "Medically Compromised"²
- Elderly (60+)

If the Costa Mesa Police Department feel that an individual's well being will be severely compromised by living on the street and/or if the individual is a chronic nuisance or offender whose presence in Costa Mesa poses a threat to others or a consistent drain on public safety resources, than a team composed of a CMPD representative along with CEO staff will make this determination on a case by case basis.

¹ The importance of the "intentionally homeless" definition goes to the heart of the issue of the necessity defense. This is because of those homeless individuals that are resistant to the acceptance of services.

If the City is able to show that a particular person has been offered suitable housing and refused it, and that person is charged with any of the quality of life offenses the City is developing, it will be that much harder for that individual to allege a "necessity defense" to any of the charges.

² "Medically compromised" is defined as those persons no longer able to perform "Activities of Daily Living" (ADL). Most often the persons are diagnosed with co-morbidities that can include but are not limited to diabetes, coronary artery disease, hypertension, high blood pressure, cancer, liver disease, and mental illness. Added to this definition can be those persons who by virtue of their treatment or disease are susceptible to infections or serious complications.

"Activities of daily living" as used in elder law refer to the activities usually performed for oneself in the course of a normal day. Examples include bathing, dressing, grooming, eating, toileting and the like. People may need assistance with ADLs regardless of their living arrangements. Such assistance may usually be performed by a family member, a home health aide or attendant, or a nurse's aide in a nursing facility. Inability to perform a certain number of ADLs is a criteria used by many insurance companies to determine eligibility for benefits.

I. **A. Output Measurements:** Total number of unduplicated clients anticipated to be served by the funded program during the 12-month contract period (*regardless of community of residence*) = 450 INDIVIDUALS

DRUG-FREE WORKPLACE	100-5	8-8-89	1 of 3

BACKGROUND

Under the Federal Drug-Free Workplace Act of 1988, passed as part of omnibus drug legislation enacted November 18, 1988, contractors and grantees of Federal funds must certify that they will provide drug-free workplaces. At the present time, the City of Costa Mesa, as a sub-grantee of Federal funds under a variety of programs, is required to abide by this Act. The City Council has expressed its support of the national effort to eradicate drug abuse through the creation of a Substance Abuse Committee, institution of a City-wide D.A.R.E. program in all local schools and other activities in support of a drug-free community. This policy is intended to extend that effort to contractors and grantees of the City of Costa Mesa in the elimination of dangerous drugs in the workplace.

PURPOSE

It is the purpose of this Policy to:

1. Clearly state the City of Costa Mesa's commitment to a drug-free society.
2. Set forth guidelines to ensure that public, private, and nonprofit organizations receiving funds from the City of Costa Mesa share the commitment to a drug-free workplace.

POLICY

The City Manager, under direction by the City Council, shall take the necessary steps to see that the following provisions are included in all contracts and agreements entered into by the City of Costa Mesa involving the disbursement of funds.

1. Contractor or Sub-grantee hereby certifies that it will provide a drug-free workplace by:
 - a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in Contractor's and/or sub-grantee's workplace, specifically the job site or location included in this contract, and specifying the actions that will be taken against the employees for violation of such prohibition;

SUBJECT	POLICY NUMBER	EFFECTIVE DATE	PAGE

- b. Establishing a Drug-Free Awareness Program to inform employees about:
 - 1. The dangers of drug abuse in the workplace;
 - 2. Contractor's and/or sub-grantee's policy of maintaining a drug-free workplace;
 - 3. Any available drug counseling, rehabilitation and employee assistance programs; and
 - 4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- c. Making it a requirement that each employee to be engaged in the performance of the contract be given a copy of the statement required by subparagraph A;
- d. Notifying the employee in the statement required by subparagraph 1 A that, as a condition of employment under the contract, the employee will:
 - 1. Abide by the terms of the statement; and
 - 2. Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction;
- e. Notifying the City of Costa Mesa within ten (10) days after receiving notice under subparagraph 1 D 2 from an employee or otherwise receiving the actual notice of such conviction;
- f. Taking one of the following actions within thirty (30) days of receiving notice under subparagraph 1 D 2 with respect to an employee who is so convicted:
 - 1. Taking appropriate personnel action against such an employee, up to and including termination; or
 - 2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health agency, law enforcement, or other appropriate agency;

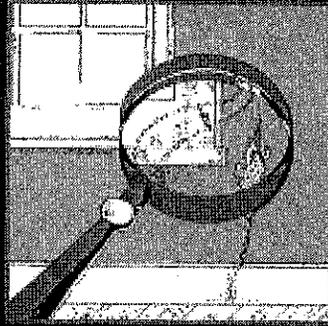

SUBJECT	POLICY NUMBER	EFFECTIVE DATE	PAGE
DRUG-FREE WORKPLACE	100-5	8-8-89	3 of 3

- g. Making a good faith effort to maintain a drug-free workplace through implementation of subparagraphs 1 A through 1 F, inclusive.
2. Contractor and/or sub-grantee shall be deemed to be in violation of this Policy if the City of Costa Mesa determines that:
 - a. Contractor and/or sub-grantee has made a false certification under paragraph 1 above;
 - b. Contractor and/or sub-grantee has violated the certification by failing to carry out the requirements of subparagraphs 1 A through 1 G above;
 - c. Such number of employees of Contractor and/or sub-grantee have been convicted of violations of criminal drug statutes for violations occurring in the workplace as to indicate that the contractor and/or sub-grantee has failed to make a good faith effort to provide a drug-free workplace.
 3. Should any contractor and/or sub-grantee be deemed to be in violation of this Policy pursuant to the provisions of 2 A, B, and C, a suspension, termination or debarment proceeding subject to applicable Federal, State, and local laws shall be conducted. Upon issuance of any final decision under this section requiring debarment of a contractor and/or sub-grantee, the contractor and/or sub-grantee shall be ineligible for award of any contract, agreement or grant from the City of Costa Mesa for a period specified in the decision, not to exceed five (5) years. Upon issuance of any final decision recommending against debarment of the contractor and/or sub-grantee, the contractor and/or sub-grantee shall be eligible for compensation as provided by law.

Protect Your Family From Lead In Your Home

EPA United States Environmental Protection Agency

United States Consumer Product Safety Commission

United States Department of Housing and Urban Development

Are You Planning To Buy, Rent, or Renovate a Home Built Before 1978?

Many houses and apartments built before 1978 have paint that contains high levels of lead (called lead-based paint). Lead from paint, chips, and dust can pose serious health hazards if not taken care of properly.

OWNERS, BUYERS, and RENTERS are encouraged to check for lead (see page 6) before renting, buying or renovating pre-1978 housing.

Federal law requires that individuals receive certain information before renting, buying, or renovating pre-1978 housing:

LANDLORDS have to disclose known information on lead-based paint and lead-based paint hazards before leases take effect. Leases must include a disclosure about lead-based paint.

SELLERS have to disclose known information on lead-based paint and lead-based paint hazards before selling a house. Sales contracts must include a disclosure about lead-based paint. Buyers have up to 10 days to check for lead.

RENOVATORS disturbing more than 2 square feet of painted surfaces have to give you this pamphlet before starting work.

IMPORTANT!

Lead From Paint, Dust, and Soil Can Be Dangerous If Not Managed Properly

- FACT:** Lead exposure can harm young children and babies even before they are born.
- FACT:** Even children who seem healthy can have high levels of lead in their bodies.
- FACT:** People can get lead in their bodies by breathing or swallowing lead dust, or by eating soil or paint chips containing lead.
- FACT:** People have many options for reducing lead hazards. In most cases, lead-based paint that is in good condition is not a hazard.
- FACT:** Removing lead-based paint improperly can increase the danger to your family.

If you think your home might have lead hazards, read this pamphlet to learn some simple steps to protect your family.

Lead Gets in the Body in Many Ways

Childhood lead poisoning remains a major environmental health problem in the U.S.

Even children who appear healthy can have dangerous levels of lead in their bodies.

People can get lead in their body if they:

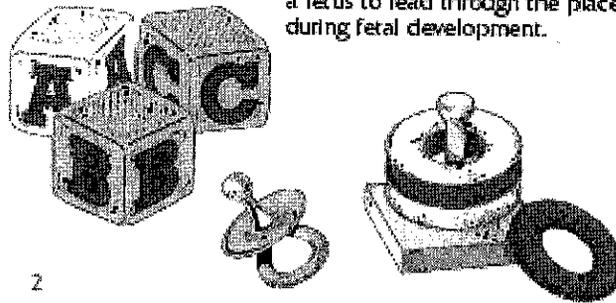

- ◆ Breathe in lead dust (especially during renovations that disturb painted surfaces).
- ◆ Put their hands or other objects covered with lead dust in their mouths.
- ◆ Eat paint chips or soil that contains lead.

Lead is even more dangerous to children under the age of 6:

- ◆ At this age children's brains and nervous systems are more sensitive to the damaging effects of lead.
- ◆ Children's growing bodies absorb more lead.
- ◆ Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Lead is also dangerous to women of childbearing age:

- ◆ Women with a high lead level in their system prior to pregnancy would expose a fetus to lead through the placenta during fetal development.

2

Lead's Effects

It is important to know that even exposure to low levels of lead can severely harm children.

In children, lead can cause:

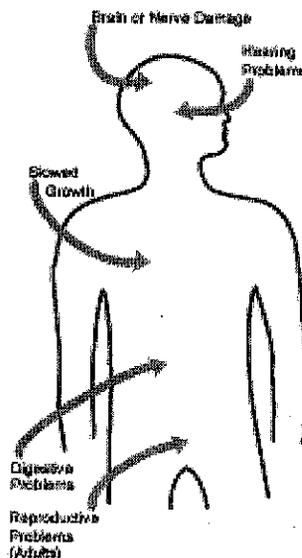

- ◆ Nervous system and kidney damage.
- ◆ Learning disabilities, attention deficit disorder, and decreased intelligence.
- ◆ Speech, language, and behavior problems.
- ◆ Poor muscle coordination.
- ◆ Decreased muscle and bone growth.
- ◆ Hearing damage.

While low-lead exposure is most common, exposure to high levels of lead can have devastating effects on children, including seizures, unconsciousness, and, in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults too.

In adults, lead can cause:

- ◆ Increased chance of illness during pregnancy.
- ◆ Harm to a fetus, including brain damage or death.
- ◆ Fertility problems (in men and women).
- ◆ High blood pressure.
- ◆ Digestive problems.
- ◆ Nerve disorders.
- ◆ Memory and concentration problems.
- ◆ Muscle and joint pain.

Lead affects the body in many ways.

Where Lead-Based Paint Is Found

In general, the older your home, the more likely it has lead-based paint.

Many homes built before 1978 have lead-based paint. The federal government banned lead-based paint from housing in 1978. Some states stopped its use even earlier. Lead can be found:

- ◆ In homes in the city, country, or suburbs.
- ◆ In apartments, single-family homes, and both private and public housing.
- ◆ Inside and outside of the house.
- ◆ In soil around a home. (Soil can pick up lead from exterior paint or other sources such as past use of leaded gas in cars.)

Checking Your Family for Lead

Get your children and home tested if you think your home has high levels of lead.

To reduce your child's exposure to lead, get your child checked, have your home tested (especially if your home has paint in poor condition and was built before 1978), and fix any hazards you may have. Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect high levels of lead. Blood tests are usually recommended for:

- ◆ Children at ages 1 and 2.
- ◆ Children or other family members who have been exposed to high levels of lead.
- ◆ Children who should be tested under your state or local health screening plan.

Your doctor can explain what the test results mean and if more testing will be needed.

Identifying Lead Hazards

Lead-based paint is usually not a hazard if it is in good condition, and it is not on an impact or friction surface, like a window. It is defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter, or more than 0.5% by weight.

Deteriorating lead-based paint (peeling, chipping, chalking, cracking or damaged) is a hazard and needs immediate attention. It may also be a hazard when found on surfaces that children can chew or that get a lot of wear-and-tear, such as:

- ◆ Windows and window sills.
- ◆ Doors and door frames.
- ◆ Stairs, railings, banisters, and porches.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Dust also forms when painted surfaces bump or rub together. Lead chips and dust can get on surfaces and objects that people touch. Settled lead dust can re-enter the air when people vacuum, sweep, or walk through it. The following two federal standards have been set for lead hazards in dust:

- ◆ 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) and higher for floors, including carpeted floors.
- ◆ 250 $\mu\text{g}/\text{ft}^2$ and higher for interior window sills.

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. The following two federal standards have been set for lead hazards in residential soil:

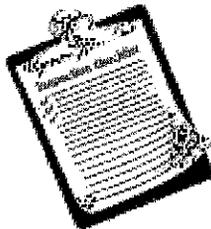

- ◆ 400 parts per million (ppm) and higher in play areas of bare soil.
- ◆ 1,200 ppm (average) and higher in bare soil in the remainder of the yard.

The only way to find out if paint, dust and soil lead hazards exist is to test for them. The next page describes the most common methods used.

Lead from paint chips, which you can see, and lead dust, which you can't always see, can both be serious hazards.

Checking Your Home for Lead

Just knowing that a home has lead-based paint may not tell you if there is a hazard.

You can get your home tested for lead in several different ways:

- ◆ A **paint inspection** tells you whether your home has lead-based paint and where it is located. It won't tell you whether or not your home currently has lead hazards.
- ◆ A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards.
- ◆ A **combination risk assessment and inspection** tells you if your home has any lead hazards and if your home has any lead-based paint, and where the lead-based paint is located.

Hire a trained and certified testing professional who will use a range of reliable methods when testing your home.

- ◆ Visual inspection of paint condition and location.
- ◆ A portable x-ray fluorescence (XRF) machine.
- ◆ Lab tests of paint, dust, and soil samples.

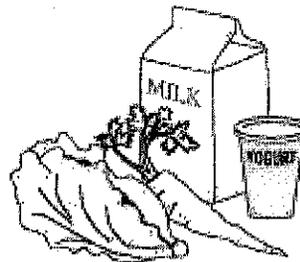

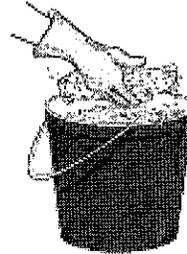

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency (see bottom of page 11) for more information, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.

Home test kits for lead are available, but may not always be accurate. Consumers should not rely on these kits before doing renovations or to assure safety.

What You Can Do Now To Protect Your Family

If you suspect that your house has lead hazards, you can take some immediate steps to reduce your family's risk:

- ◆ If you rent, notify your landlord of peeling or chipping paint.
- ◆ Clean up paint chips immediately.
- ◆ Clean floors, window frames, window sills, and other surfaces weekly. Use a mop or sponge with warm water and a general all-purpose cleaner or a cleaner made specifically for lead. REMEMBER: NEVER MIX AMMONIA AND BLEACH PRODUCTS TOGETHER SINCE THEY CAN FORM A DANGEROUS GAS.
- ◆ Thoroughly rinse sponges and mop heads after cleaning dirty or dusty areas.
- ◆ Wash children's hands often, especially before they eat and before nap time and bed time.
- ◆ Keep play areas clean. Wash bottles, pacifiers, toys, and stuffed animals regularly.
- ◆ Keep children from chewing window sills or other painted surfaces.
- ◆ Clean or remove shoes before entering your home to avoid tracking in lead from soil.
- ◆ Make sure children eat nutritious, low-fat meals high in iron and calcium, such as spinach and dairy products. Children with good diets absorb less lead.

7

Reducing Lead Hazards In The Home

Removing lead improperly can increase the hazard to your family by spreading even more lead dust around the house.

Always use a professional who is trained to remove lead hazards safely.

8

In addition to day-to-day cleaning and good nutrition:

- ◆ You can temporarily reduce lead hazards by taking actions such as repairing damaged painted surfaces and planting grass to cover soil with high lead levels. These actions (called "interim controls") are not permanent solutions and will need ongoing attention.
- ◆ To permanently remove lead hazards, you should hire a certified lead "abatement" contractor. Abatement (or permanent hazard elimination) methods include removing, sealing, or enclosing lead-based paint with special materials. Just painting over the hazard with regular paint is not permanent removal.

Always hire a person with special training for correcting lead problems—someone who knows how to do this work safely and has the proper equipment to clean up thoroughly. Certified contractors will employ qualified workers and follow strict safety rules as set by their state or by the federal government.

Once the work is completed, dust cleanup activities must be repeated until testing indicates that lead dust levels are below the following:

- ◆ 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) for floors, including carpeted floors;
- ◆ 250 $\mu\text{g}/\text{ft}^2$ for interior windowsills; and
- ◆ 400 $\mu\text{g}/\text{ft}^2$ for window troughs.

Call your state or local agency (see bottom of page 11) for help in locating certified professionals in your area and to see if financial assistance is available.

Remodeling or Renovating a Home With Lead-Based Paint

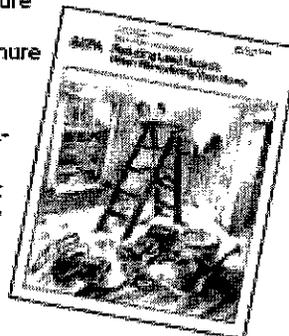

Take precautions before your contractor or you begin remodeling or renovating anything that disturbs painted surfaces (such as scraping off paint or tearing out walls):

- ◆ **Have the area tested for lead-based paint.**
- ◆ **Do not use a belt-sander, propane torch, high temperature heat gun, dry scraper, or dry sandpaper to remove lead-based paint.** These actions create large amounts of lead dust and fumes. Lead dust can remain in your home long after the work is done.
- ◆ **Temporarily move your family** (especially children and pregnant women) out of the apartment or house until the work is done and the area is properly cleaned. If you can't move your family, at least completely seal off the work area.
- ◆ **Follow other safety measures to reduce lead hazards.** You can find out about other safety measures by calling 1-800-424-LEAD. Ask for the brochure "Reducing Lead Hazards When Remodeling Your Home." This brochure explains what to do before, during, and after renovations.

If you have already completed renovations or remodeling that could have released lead-based paint or dust, get your young children tested and follow the steps outlined on page 7 of this brochure.

If not conducted properly, certain types of renovations can release lead from paint and dust into the air.

Other Sources of Lead

While paint, dust, and soil are the most common sources of lead, other lead sources also exist.

◆ **Drinking water.** Your home might have plumbing with lead or lead solder. Call your local health department or water supplier to find out about testing your water. You cannot see, smell, or taste lead, and boiling your water will not get rid of lead. If you think your plumbing might have lead in it:

- Use only cold water for drinking and cooking.
- Run water for 15 to 30 seconds before drinking it, especially if you have not used your water for a few hours.

◆ **The job.** If you work with lead, you could bring it home on your hands or clothes. Shower and change clothes before coming home. Launder your work clothes separately from the rest of your family's clothes.

◆ **Old painted toys and furniture.**

◆ **Food and liquids stored in lead crystal or lead-glazed pottery or porcelain.**

◆ **Lead smelters** or other industries that release lead into the air.

◆ **Hobbies** that use lead, such as making pottery or stained glass, or refinishing furniture.

◆ **Folk remedies** that contain lead, such as "greta" and "azarcon" used to treat an upset stomach.

Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips, and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, lessors must disclose the presence of known lead-based paint and/or lead-based paint hazards in the dwelling. Lessees must also receive a federally approved pamphlet on lead poisoning prevention.

Lessor's Disclosure (initial)

_____ (a) Presence of lead-based paint or lead-based paint hazards (check one below):

Known lead-based paint and/or lead-based paint hazards are present in the housing (explain).

Lessor has no knowledge of lead-based paint and/or lead-based paint hazards in the housing.
