Kathie Warren's artwork is original, expressive, energetic, fluid, and inspired by nature. Born with creativity and entrepreneurial DNA. These attributes have followed her from childhood in MN to adulthood in CA. Over time her creativity and business experience evolved; starting her "Dreams in Glass", designing/manufacturing gift items, selling wholesale & retail. Serendipity ruled her life. Next owned/operated a computer company, then earned a graphic design degree. Then down the rabbit hole she went into the art world. Then with an art degree, creating in clay, paint, silk and found items, challenging herself as she goes. For nearly 10 years, part of the Santora/SA Artist Village owned the Green Door Gallery, where she exhibited her eclectic range of art works and hosted emerging artists. She is currently a OCFA member and resident artist Avantgarden Art Gallery, SA.
