Abstract Geometric Canvas Art / Acrylic / Ink and Spray Paint

Salina Mendoza, a 26-year-old abstract geometric artist creates pieces using ordinary lines and shapes. Salina started practicing art with cartoons in 2nd grade and rediscovered her craft in college. She likes to create pieces with no destination in mind using a combination of acrylic paint and archival ink. Every piece has a story. Salina writes each story as she reflects on her feelings, emotions, and thoughts during the time she creates them. She loves to use bright colors, sharp dark lines, imperfect lines, and fluidity.
