### Nyle Schafhauser

Drawing, Design & Painting

**Nyle Shafhauser** has always had a passion for the Arts. He started studying art at an early age but was really able to take it to next level in high school, largely due to the influenced of his art teacher, Mr. Gerald F. Brommer. Gerald quickly became his mentor and has since turned into a life-long friend. Recently, Nyle was able to give back to his friend, by helping to move a mural that he painted for their High School back in 1961. The mural moved once to Sylmar, when the High School moved locations in 1995 and recently had to move again, as the school was closing permanently. They were able to find the mural a new home, at Concordia University, in Irvine, CA. The movement of the mural even made it to the Register (Local News) on Sunday December 31, 2016. Over the years Nyle has received many awards for his art work. Most notably, he received awards from the Scholastic Art Contest Los Angeles and from the Gold Key at Blue Ribbon/Final in New York. Today, Nyle's passion for the arts hasn't slowed, he still continues to draw, paint and design. Nyle recently designed a t-shirt for the Doheny State Beach and Butterfly Garden and is currently working on a Whale Walk design.
