### Sally Yunker

Multimedia

**Sally Annette Yunker** is a multimedia artist started painting with her watercolor artist mother since she was born and raised in Anaheim, CA. Immersed in art since 1989, she continues to explore different mediums to manifest the most of her creativity. As well as her love for art, she has always loved animals. In an effort to play tribute to her furry friends, she created FLAIR. FLAIR is a luxury pet fashion boutique with materials made from high quality sources only. Sally's life unfolded to her next venture - Righteous. A lifestyle brand that is designed for souls who live with good intentions. To organize all her businesses, she created one online marketplace - The Diamond Tree as a platform to reach her audience for art and design.
