

## Directory of the Arts

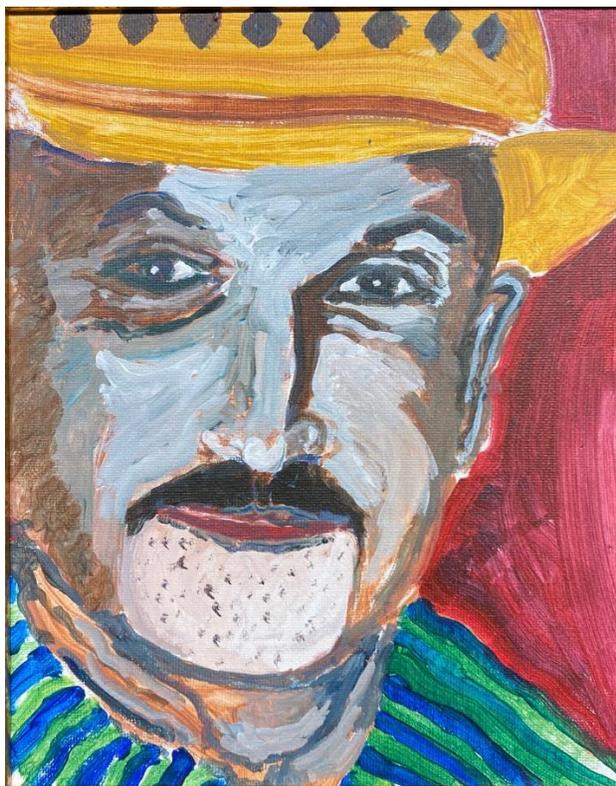

### Frank Gutierrez

**Frank Gutierrez** grew up in the Imperial Valley, and he attended Coachella Valley High School. Before graduation, his family moved back to Mexico where he continued his education for three years. In Mexico, Frank had the opportunity of attending art school on the weekends. He then came back to the states and pursued a degree in business from USC. His passion for art would made him build a business that is close to art but could pay my bills (Mesa Art & Framing on 19th and Placentia).

2020 completes 25 years of being in business, being part of the Cultural Arts Committee for about 12 years (He was the Chairperson from 2008 -2016) and he is currently taking art classes at SAC. Frank has gone full circle and looking for having more tome to paint and continue as an artist.

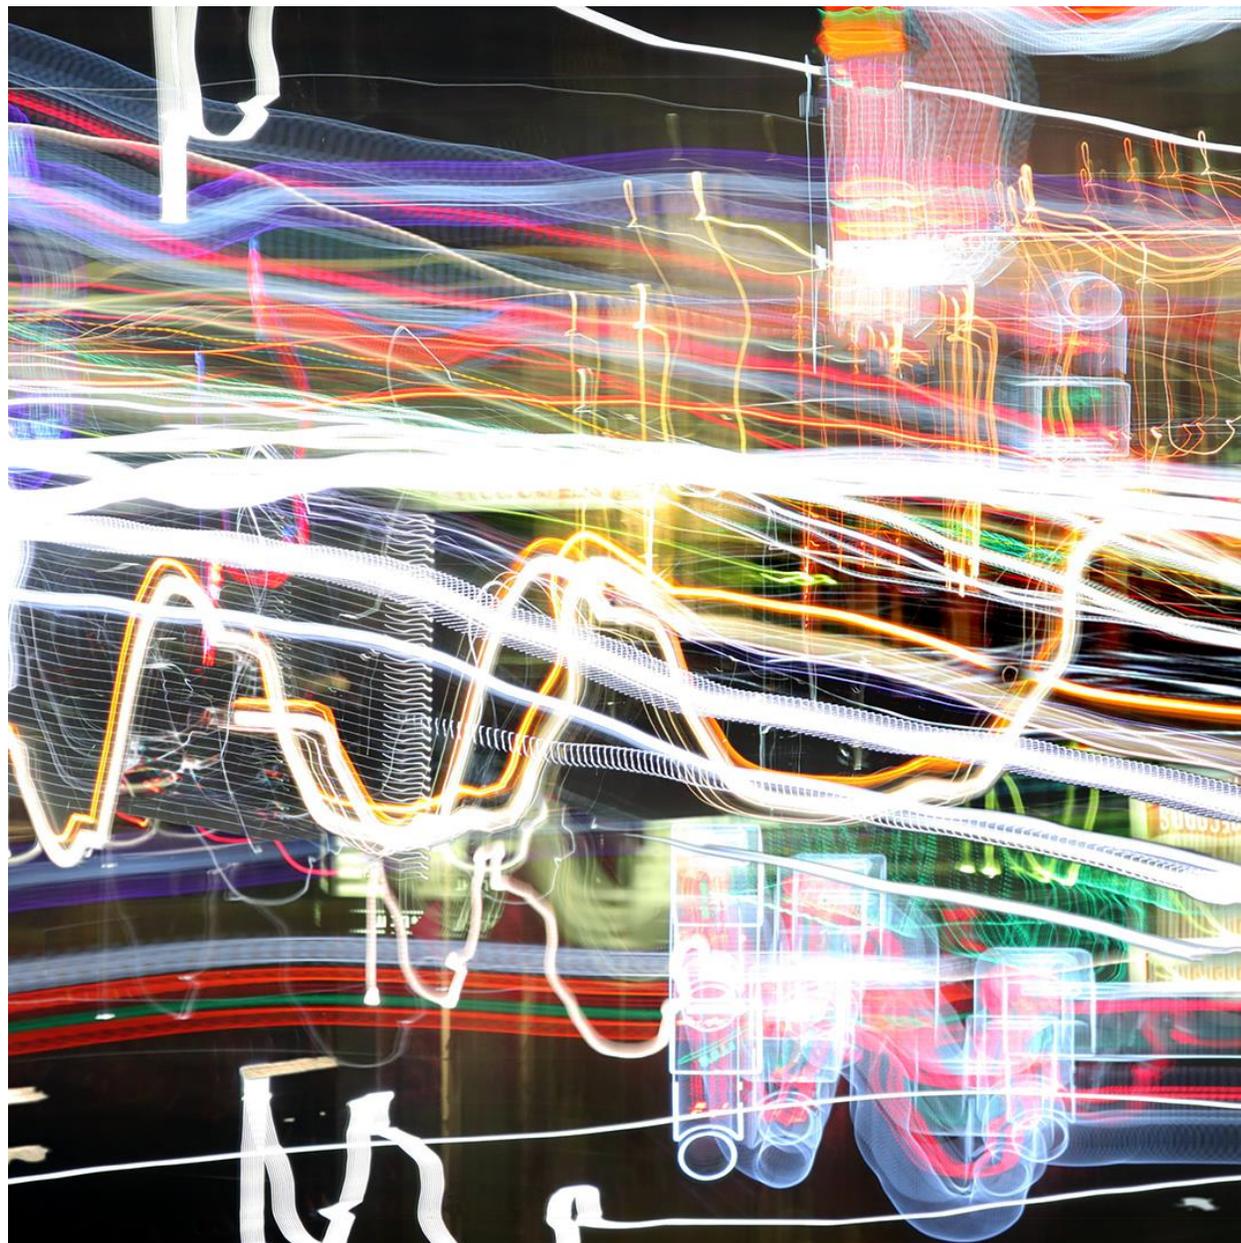

**Business Name:**  
Mesa Art & Framing
