

## Directory of the Arts

### Peter Schuller

Fine Art (oil paintings), also Motion Graphic Design (for video/film)

**Peter Schuller's** paintings are born out of an inspiration cultivated by extensive international travel beginning at a very early age, including several youth exchanges to Europe and the Far East. Peter's paintings capture the timeless beauty of Europe and romanticism of nature reflected through this experience. Each painting chronicles a definitive moment in his life, experienced through his eyes and recorded on canvas. Peter's 30 year professional career as a Motion Graphic Artist for broadcast television is decorated by 2 Emmys for design (2000, 2001), a Golden Mic (1995), and Edward R. Murrow Award (1995).
