PROPOSED FEES 2015-2016

PLAN REVIEW

The traditional approach in preparing plan check fees is to apply a percentage to the revenue collected by the agency for plan review fees. Using the City's schedule which is based on Table 1-A of the 2001 C.B.O. and 2002 Valuation Data Chart to establish the plan check fee, SFA proposes to charge eighty percent 80% of the established plan check fee for the scope of work requested for projects assigned by City and picked up by SFA.

If SFA is reviewing duplicate or identical plans on a project, the proposed fee is ten percent (10%) of the plan review fee collected after the initial model is checked at the prescribed rate.

When doing Accelerated Plan Review, SFA will charge the applicants seventy-five percent (75%) of the City's plan check fee since the City collects the balance.

SFA will not charge for rechecks unless the plans are incomplete or revised for which the City would collect additional fees from the applicant as well. The City would then have the funds to reimburse SFA. Additional services outside the main scope of review would be charged at a rate of \$100.00 per hour.
